Summer Camps

General Information

Age Requirements – Campers must be the required age by the start of the program.

Extended Hours – Extended hours have a separate barcode for registration. Refer to the camp program charts for times, fees and locations.

Fee Information – Fees are subject to change as a result of the Council approved operating budget.

Inclusion and Support – We welcome and include children and youth with special needs/ disabilities to explore our summer camp opportunities at a level of participation suitable to their ability, program choice and facility access.

Note: If your child/youth requires additional support/facilitation to be included at camp, you must register using the special needs program codes. In order to provide support to as many children as possible, with the resources available, a maximum of two weeks of integration services may be provided per child. Register early, as space is limited. Refer to the Adapted and Inclusive Recreation Programs section.

Lunch and Snacks – A supervised lunch period is offered at each location. Children must bring their own snacks and lunch each day (full-day programs only). In order to reduce the risk of exposure to nut allergies, we recommend participants bring nut-free lunches to camps. More information will be provided at camp locations.

Supervision – It is important that you know your child is in a safe and caring environment. We implement a standard staff to child ratio at all camps.

Staff – Our program staff have been carefully selected for their enthusiasm, experience and background in working with children. Staff participate in extensive training which includes child management, appropriate program planning, risk management, policies and procedures, customer service, inclusion and support and much more. All staff are certified in First Aid and HIGH FIVE® Principles of Healthy Child Development. Staff qualifications are monitored on an ongoing basis to ensure they are current and in compliance with standards and legislation.

Trips – We follow trip and transportation procedures that put safety first and ensure parents/caregivers are notified in advance and provided the necessary authorization forms.

Toronto Parks are for all to enjoy!

One of the greatest strengths of our city is our wonderful parks system. Big or small, these parks offer everything from play to quiet relaxation.

Our parks let you absorb the peace, quiet and natural beauty of the outdoors without leaving the city. Walkers, joggers, cyclists and hikers can follow over 90km of paved trails. There are many great locations for family picnics and group events. Convenient TTC service near most main park entrances and ample parking makes reaching these parks easy.

Gardens and Conservatories

Surround yourself with the delightful sights and smells of breathtaking flowers and gardens. Gardens and conservatories are located throughout the city.

Camps at Historic Sites

Museum Camps offer children an opportunity to explore the past through hands-on activities, express themselves through artistic endeavours and engage with the unique environments of our museums – all in a safe and fun atmosphere.

Things to know

Age Requirements – Campers must be the required age by the start of the program.

Extended Hours – Extended hours have a separate barcode for registration. Refer to program charts for times, fees and locations.

Lunches and Snacks – Children must bring their own snacks and lunch. In order to reduce the risk of exposure to nut allergies, we recommend participants bring nut-free snacks and lunches to camps. Participants should bring a refillable, non-breakable water bottle with them.

Supervision – We implement a standard staff ratio for all camps. Staff are dedicated to providing safe, fun and educational experiences.

Staff – Camp activities are directed by seasonal university students with experience in creative children's programming and/or experienced interpretive staff who work year round at our museums with our school and community groups. Staff participate in training which includes child management, appropriate program planning, risk management, inclusion and support and much more. Staff are certified in Emergency First Aid.

Inclusion and Support – If participants require 1:1 support for behavioural, personal or medical care, they will be requested to provide their own support worker/family member/ volunteer. Contact the individual museum for more information.
