Notice of Motion

MM26.1	ACTION			Ward:All

Technical Amendment to Student Nutrition Program Service Subsidies 2012/2013 - by Councillor John Filion, seconded by Councillor Joe Mihevc

**** Notice of this Motion has been given.***
**** This Motion is subject to a re-opening of Item HL14.7. A two-thirds vote is required to re-open that Item.***
**** If re-opened, the previous Council decision remains in force unless Council decides otherwise.***

Recommendations

Councillor John Filion, seconded by Councillor Joe Mihevc, recommends that:

1. City Council amend Part 1 of Item HL14.7 to now read as follows:

   "City Council grant authority to the Medical Officer of Health to enter into agreements totalling $3,819,580 with the Angel Foundation for Learning ($730,259) and the Toronto Foundation for Student Success ($3,089,321) to administer the 2012 approved funding to eligible student nutrition programs across the City of Toronto."

Summary

City Council, at its meeting held on June 6, 7 and 8, 2012 adopted Item HL14.7, headed "2012/2013 Student Nutrition Program Service Subsidies" and in so doing, authorized to the Medical Officer of Health to enter into agreements to administer the 2012 approved funding to eligible student nutrition programs across the City of Toronto.

A technical amendment to this Item is required to correct an error in Part 1 of the Council decision.

The allocation to the Toronto Foundation for Student Success should have included an additional $100,000 to be held as a reserve for the appeals and late applications process in the fall of 2012, as outlined in the chart on page 3 of the report (May 11, 2012) from the Medical Officer of Health. Thus, the contractual agreement with the Toronto Foundation for Student Success should be amended to $3,089, 321, consisting of the $2,989,321 allocation for 331 schools/communities and $100,000 as a reserve for appeals and late applications. Since this was simply in error in transmitting the information from the chart in the report to the recommendations section, there is no financial impact beyond what has already been approved

in the 2012 Operating Budget for Student Nutrition Program funding ($3,819,580).

Requires Re-opening:

Board of Health Item HL14.7, adopted by City Council on June 6, 7 and 8, 2012 only as it relates to Part 1.

(Submitted to City Council on October 2 and 3, 2012, as MM26.1)
