Summary

Authority is being sought to amend the 2012 Parks, Forestry and Recreation Capital Budget to increase the capital project known as Joel Weeks Community Park Redevelopment in the amount of $0.165 million to a total of $0.283 million. The project increase is to be funded from a Section 42 Agreement for 90-100 Broadview Avenue, Account XR2213-4200073. The additional funds are required to complete the installation of the dogs off leash area as per the Joel Weeks Community Park Master Plan approved by the community and local Councillor in 2010. The total redevelopment of the park which began in 2011 is currently valued at $1.550 million.

At the time of implementation of the Joel Weeks Community Park redevelopment, funding was not available to complete the dogs off leash area as requested by the local community in the park's master plan. Required funding has now been received and is available from a Section 42 Agreement for 90-100 Broadview Avenue and is deposited in Account XR2213-4200073.

The completion of this component will fulfill the expectations of the community.
