Summary

The City is currently developing plans for the reconfiguration and improvement of the Six Points Intersection. As part of this project, the Village of Islington BIA has agreed to develop, in consultation with the City, streetscape improvement plans. The Section 37 funds will allow for the completion of technical design services for the streetscape improvements to be included in the tender package.

An Item recommending the expansion of the BIA into the Six Points Intersection area is also before Council at this meeting [ED33.2]. The expansion will allow the BIA to maintain the planned streetscape improvements project once constructed.

The following funding is available for these purposes:

- $2,271.35 from 7-11 Burnhamthorpe Crescent (XR3026-3700110); and
- $103,755 from 3391 Bloor Street West (XR3026-3700057).
