
2007 BUDGET BRIEFING NOTE

Example of 2006 Water Cost for Residential and Industrial Consumers in Guelph, Oakville, and Mississauga

Issue/Background:

- At its meeting of January 10, 2007, Budget Committee requested, amongst other things, the 2006 water costs for residential and large industrial facilities (service charge and consumption charge combined) for the following cities: Guelph, Oakville, and Mississauga.

Key Points:

- The 2006 water charges for typical residential (300 cubic metres per year) and large industrial (1,000,000 cubic metres per year) customers are as follows:

	<u>300 m³/Y</u>	<u>1,000,000 m³/Y</u>
Mississauga (Peel)	\$317	\$1,058,300
Toronto	\$429	\$1,403,611
Guelph	\$579	\$1,530,120
Oakville (Halton)	\$649	\$1,529,256
