Family support programs are neighbourhood meeting places for parents/caregivers and their young children. They offer a friendly environment for children to play, learn and make new friends while providing opportunities for parents and caregivers to meet and develop social networks. Most programs are offered free of charge although some may ask for a voluntary donation. Their hours of operation vary but most are open a few mornings or afternoons a week and some programs open in the evenings and on weekends.

Family support programs include community run programs, Ontario Early Years Centres (OEYC) and Parenting and Family Literacy Centres.
