

Transportation Services maintains the transportation infrastructure including roads, bridges, sidewalks and boulevards within the four geographical city districts. The division is responsible for all aspects of traffic operations, roadway regulation, street maintenance and cleaning, transportation infrastructure management, road, sidewalk and boulevard occupation and snow removal. The division is committed to serving the mobility needs of the population in a safe and efficient manner.

Transportation Infrastructure Management

This section is responsible for managing the Division's infrastructure assets, including the programming and budgeting of various rehabilitation treatments for expressways, bridges, roads, and sidewalks across the City. The section is also responsible for the planning of new infrastructure and infrastructure improvements for vehicles, pedestrians and cyclists, including environmental assessment approvals, and the development of pedestrian and cycling policies and programs.

Traffic Management Centre

The Traffic Management Centre (TMC) is comprised of five Units: Traffic Safety Unit, Urban Traffic Control Systems, Traffic Plant Installation and Maintenance, Transportation Business Systems, and Signs and Markings. Specifically, the TMC's activities and responsibilities include:

- Traffic data collection, validation, analysis, and distribution including volumes, speed and collisions as well as traffic safety awareness;
- Design, installation and maintenance of traffic control signals, pedestrian crossings, flashing beacons, and operation of all electrical traffic control devices;
- Operation of traffic systems including the operation of traffic control signals, and the operation and monitoring of traffic flow on expressways (RESCU system);
- Development of Divisional Transportation Emergency Plan and coordination of 3-1-1 / Transportation initiative;
- Manufacturing of signs, and installation of signs and pavement markings;
- Red light camera operations, planning, management and administration.
