TORONTO

West End Bikeways Comment Sheet

Tuesday March 10th, 2009 – Parkdale Public Library

Thank you for participating in this project! Please take a few minutes to complete this comment sheet so we can learn more about how you think we can improve cycling conditions in the downtown west end.

Please share your thoughts on one of the proposed bikeways on display. If you want to write about more than one bikeway, please feel free to take another sheet.

My comments are regarding (please check):

___ Harbord–High Park Connector
___ College Sharrow Pilot
___ Argyle-Robinson (& Trinity Bellwoods Park trail upgrade)
___ King-Liberty
___ Sorauren
___ Lansdowne Bridge
___ Brock
___ Shaw
___ Strachan

Some improvements to cycling could be made by enhancing the design of shared roadways with sharrows, bike actuated signals, marked bicycle routes, and bike boxes. Where do you think there is the greatest need for these kinds of additions? Do you think these would make a positive contribution to cycling conditions in the west end?

What other comments or suggestions would you like to make? Are there other things we can do to make improvements to cycling in the downtown west end in the next year or two?

Thank you again for participating! Please return this completed Comment Sheet:

- to any staff person or Toronto Cyclists Union representative before you leave;
- by fax to 416-392-0071;
- by email (if scanned or typed) to bikeplan@toronto.ca (please specify West End Bikeways in the subject line); or,
- by mail using the postage paid envelopes provided at tonight's event.

Please make sure we receive your comments by **Tuesday, March 24th, 2009**.

Information will be collected in accordance with the Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments will become part of the public record.
