Clear Ice and Snow From Your Property

Hey, Toronto -- it's time to be a good neighbour.

In much of Toronto, the City provides mechanical sidewalk snow clearing. But in some parts of Toronto, (mainly the core area), the city is unable to provide this service due to the widths of the sidewalks and boulevard space for snow storage.

That's why we're asking all residents and business owners in those areas to clear the ice and snow from sidewalks adjacent to their properties within 12 hours of a snowfall.

Clearing the ice and snow from the sidewalk in front of your home or business will make it safer for everyone. Failure to do so could result in a fine of \$105. To view a map of sidewalk snow clearing in the city, click on www.toronto.ca/transportation/snow.

If you plan to use salt, please take care to use the proper amount and not use too much.

If you are a senior or disabled, contact the city and we'll clear your sidewalk for you. Please call 338-9999 for more information.

So, come on Toronto. Take the time to clear the ice and snow from in front of your property. Show everyone that you are a good neighbour.
