

RESIDENTS:

Did you know... Since July 2008, building owners pay a fee for City garbage collection services based on how much garbage is set out?

Did you know...Recycling collection is FREE and is also mandatory?

The City reminds us that in order to receive City collection, we must recycle.

More recycling means less garbage, less garbage means a lower fee for the building and less garbage to landfill.

Do your part to help reduce fees by recycling more and recycling properly:

- Put only proper materials in recycling containers
- Rinse containers to remove food, sauces, product, etc.
- Flatten cardboard boxes and boxboard

If you need more information about what can and cannot go into recycling:

- Check the **Recycling Guide** in your calendar
- Use **WASTE WIZARD**, an online searchable database: toronto.ca/recycle
- Call **311**

If you have any questions, please contact the superintendent:
