

AIDS Prevention Community Investment Program (APCIP)

HIV/AIDS/STI Update 2010

November 30, 2010

AIDS Prevention Community Investment Program (APCIP)

- Established by City Council in 1987

Goal:

- To fund projects that will provide strategic and time limited targeted initiatives to influence behaviours and situations that put people at risk of acquiring HIV thereby reducing HIV transmission.

Objectives:

- Decrease behaviours that put people at risk for HIV infection;
- Enhance access to HIV/STD prevention and sexual health promotion messages;
- Address social and economic factors related to discrimination, poverty, race, sexual orientation, culture, gender, language skills, age, physical or mental ability, seropositivity, etc.

APCIP Application Review Process

- **Established Criteria**
 - financial, organizational, operating reserves, meets funding priorities
- **APCIP Review Panel**
 - City Councillors, Board of Health, Citizen Experts, Community Experts, Persons Living with HIV
- **TPH Staff**
 - Jann Houston (Director)
 - Barbara MacPherson (Manager)
 - Tony Caines & Simone McWatt (Community Project Officers)
 - Eppie Kawall (Administrative Assistant)

APCIP Priorities

Highest priority will be given to projects that demonstrate evidence of need that is reinforced by Toronto HIV/AIDS data and propose to implement HIV/AIDS prevention strategies whose effectiveness is supported by evidence.

- #1 Toronto epidemiological data
- #2 Toronto behavioural and social research data
- #3 Provincial and national data
- #4 International/global HIV/AIDS data
- #5 Studies/reports of strategies that are proven to be effective

APCIP Priority Population 1

- Gay/bisexual men
- Injection drug users
- Women and men coming from countries where HIV is endemic
- Persons living with HIV/AIDS

APCIP Priority Population 2

- People who are involved in HIV high-risk behaviours with populations identified in Priority 1
- Gay youth
- Youth in care
- Street-involved people (youth and adults)
- Trans population
- Sex workers
- “Emerging” countries/Newcomers (i.e. Latin America, South Asia, Southeast Asia)
- Off-reserve Aboriginal populations
- Incarcerated men and women

APCIP Priority Population 3

- Predominantly “at-risk” youth (youth attending/involved in school programs)
- Priority neighbourhoods (limited services)
- Youth with high rates of STIs and unplanned pregnancies

APCIP Priority Population 4

- Populations in neighbourhoods of lower socio-economic status but who have access to services (recreation programs, social services).
