

## Table of Contents

About This Project .....	1
EXECUTIVE SUMMARY .....	3
Chapter One – Introduction .....	12
1.1 Key Issues in Children’s Environmental Health.....	12
1.2 Definitions .....	13
1.3 Toronto’s Children – part of a large and diverse population .....	17
1.3.1 The Socioeconomic, Sociocultural Picture .....	17
1.4 Health Trends.....	20
1.5 Evaluating the Scientific Evidence .....	21
Chapter Two – Children at Risk .....	24
2.1 More Vulnerable and More Exposed.....	24
2.1.1 Windows of Vulnerability .....	24
2.2 Factors Contributing to Greater Vulnerability .....	27
2.3 Factors Contributing to Greater Exposure .....	29
2.4. Breast milk - Still the optimal infant food .....	32
2.5 Additional Risk Factors – Poverty, Poor Nutrition, and Lack of Information .....	36
Chapter Three - Health Outcomes of Concern .....	40
3.1 Overview of Environment and Health Issues of Concern in Children .....	40
3.2 Large Numbers of Children Affected .....	40
3.2.1 Respiratory Conditions and Air Pollution .....	41
3.2.2 Respiratory Effects – Available Data on Trends in Children .....	44
3.2.3 Effects of Toxic Substances on the Nervous System.....	48
3.2.4 Nervous System Effects – Available Data on Trends in Children .....	54
3.3 Rare and Often Severe Effects.....	58
3.3.1 Effects of Toxic Substances on the Reproductive System.....	58
3.3.2 Reproductive Disorders – Available Data on Trends .....	59
3.3.3 Effects of Toxic Substances on Development .....	60
3.3.4 Developmental Disorders and Effects – Available Data on Trends .....	65
3.3.5 Cancer .....	68
3.3.6 Cancer Trend Data .....	71
3.4 Emerging Issues .....	75
3.4.1 Immune System Effects .....	75
3.4.2 Endocrine System Effects .....	76
3.5 Multiple Exposures, Multiple Effects .....	79
3.6 Economic Impact of Environmental Exposures .....	81
Chapter Four - Exposure Sources and Settings of Concern.....	84

4.1	Overview of Children’s Exposure Issues.....	84
4.2	Assessing Exposure .....	85
4.2.1	Overview of Methods of Determining Exposure.....	85
4.2.2	Biological Measures of Human Exposure - Biomonitoring .....	88
4.3	Environmental Exposures by Media and Setting.....	91
4.3.1	Introduction.....	91
4.3.2	The Settings of Exposure for Children .....	91
4.3.3	Outdoor Air Pollution .....	93
4.3.4	Other Outdoor Air Exposure Circumstances .....	96
4.3.6	Arsenic-Treated Wood Structures.....	99
4.3.7	Other Outdoor Use Pesticides.....	100
4.3.8	Contaminants in Recreational Water .....	102
4.3.9	Contamination of Soil and Surfaces .....	103
4.3.10	Indoor Air Pollution.....	105
4.3.11	Indoor Pesticide Use – Home and Schools.....	108
4.3.12	Food Exposures.....	112
4.3.13	Contaminants in Drinking Water .....	119
4.3.14	Consumer Products .....	121
Chapter Five – What do Toronto Parents Understand about Environmental Impacts on Children’s Health?.....		129
5.1	Introduction.....	129
5.2	Methods .....	130
5.3	Results.....	132
5.3.1	Sample Characteristics.....	132
5.3.2	Parents’ Attitudes and Beliefs.....	135
5.3.3	Behaviours and Practices .....	139
5.3.4	Water Practices .....	147
5.3.5	Food Practices.....	148
5.4	Variability in Practices.....	148
5.5	Survey Limitations.....	149
5.6	Summary .....	151
Chapter Six – Addressing Environmental Risks to Children in Public Policy ...		153
6.1	International Commitments .....	153
6.2	Federal Activities .....	154
6.3	Provincial Actions and Canada-Wide Standards .....	159
6.4	Municipal Involvement.....	162
6.4.1	Working in Partnership.....	164
6.4.2	Initiatives in Schools.....	165
Chapter Seven – Summary and Recommendations .....		168
7.1	Summary of Key Findings .....	168
7.2	Recommendations – Strategic Directions for Future Action.....	173

7.2.1 Policy .....	173
7.2.2 Research.....	176
7.2.3 Education .....	177
Appendix One – Addressing Environmental Health Issues in Schools.....	178
Indoor Exposures .....	178
Outdoor Exposures .....	183
GLOSSARY OF TERMS AND ABBREVIATIONS .....	185
References Cited.....	193

## List of Figures:

Figure 1.1	The Determinants of Health.....	16
Figure 1.2	Toronto Child Poverty by Diversity Attributes (Percent Low Income by Category).....	19
Figure 2.1	Critical Windows of Vulnerability .....	25
Figure 2.2	Gas Chromatograph Analyses of Urine of Breastfed versus Bottle fed Infants .....	34
Figure 3.1	Reported Asthma Prevalence, Birth to 19 Years Canada, 1978-1996. ....	45
Figure 3.2	Percentage of Hospitalizations Attributable to Respiratory Conditions for children 0 to 14 years, Toronto, 1997-2001 .....	46
Figure 3.3	Respiratory Hospitalization, Children 0 to 14 years, by Income Category, Toronto, 1996-1999 .....	47
Figure 3.4	Distribution of IQ and Changes with a Five Point Downward Shift.....	55
Figure 3.5	Incidence of Selected Childhood Cancers, 0 to 14 Years, Toronto, 1996-2000.....	74
Figure 3.6	Incidence of 5 Major Childhood Cancers by Age Group, Toronto 1996-2000 .....	74
Figure 4.1	Major Pathways of Human Exposure to Environmental Contaminants .....	84
Figure 4.2	Comparison of Indoor Pest Control Methods Used to Control Cockraches .....	109
Figure 4.3	Dietary Intakes (ng/kg bw/day) of PCBs in Different Age-Sex Groups, Total Diet Study, Toronto, 1992 and 1996.....	115
Figure 4.4	Trends in Chemicals in Breast Milk, Sweden .....	116
Figure 4.5	Perceived Major Sources of Lead Exposure for Children .....	126
Figure 5.1	Parents Perceptions of Harm to Children from Select Environmental Elements.....	136
Figure 5.2	Self-Reported Use of Outdoor Lawn and Garden Pesticides over the past 12 Months.....	140
Figure 5.3	Perceived Harmfulness of Children Coming Into Contact with Pesticides Used in Lawn or Gardens.....	141
Figure 5.4	Exposure to Environmental Tobacco Smoke .....	143
Figure 5.5	Parents' Practive that Reduce Child Exposure Inside The Home.....	145
Figure 5.6	Time Spent Outdoors During Smog Alerts (Among Respondents Aware of the Smog Alert).....	145

## List of Tables:

Table 2.1	Differences between Children and Adults .....	31
Table 3.1	PHAHs: Types and Acronyms.....	53
Table 5.1	Age of Survey Respondents.....	133
Table 5.2	Age of respondents' youngest child .....	133
Table 5.3	Reported Total Household Income of Respondents .....	134
Table 5.4	What Things in the Environment may be Harmful to Children's Health?.....	137
Table 5.5	Most important actions City of Toronto can take to protect children from harmful things in the environment.....	139

## Appendix 1

Table A.1	Potential Environmental Threats in Schools: Concerns and Actions for Prevention .....	178
