## **UPDATE: Tree Removal and Replacement Related to Storm Sewer Upgrades on Connaught Avenue, Fargo Avenue and Patricia Avenue**

**Expected Start Date: March 10, 2011**  
**Expected Completion Date: May 2012**

It has recently been brought to the City's attention that the upgrades of the storm sewers on Connaught Ave., Fargo Ave., and Patricia Ave. would require the removal of a large number of trees. A list detailing the specific addresses is attached. As you know, the sewer improvements are being put in place to help relieve basement flooding in the area. As promised, because your neighbourhood was one of the hardest hit by the storm in August 2005, your area was among the City's highest priority areas and the work is currently underway.

### **Public Meeting**

Your local Councillor, John Filion, has asked that a community meeting be held to discuss the situation prior to the next phase of construction taking place. Accordingly, we have scheduled a meeting for:

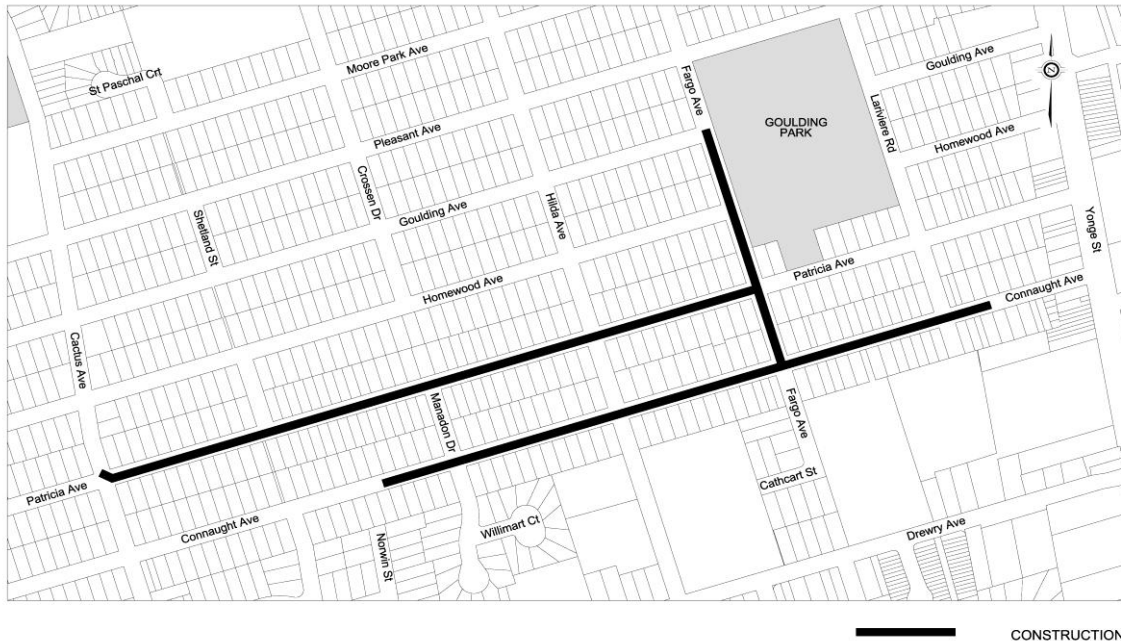

**Wednesday, March 2, 2011**  
**7:00 p.m. to 9:00 p.m.**  
**Goulding Community Centre, Gymnasium**  
**45 Goulding Avenue**

### **Project Details**

- Seventy-one (71) trees are expected to be impacted by construction and may require removal on the following streets.
  - Connaught Avenue – 28 trees
  - Fargo Avenue – 14 trees
  - Patricia Avenue – 29 trees
- The impacted trees are located on the City-owned portion of the boulevard.
- Tree pruning will be undertaken on both sides of the street along Connaught Avenue, Fargo Avenue and Patricia Avenue to facilitate ongoing construction efforts.
- Trees impacted by the project will be removed sequentially with the construction work and will be replaced upon the completion of storm water sewer construction when weather and planting conditions permit. Opportunities for enhancing and diversifying the tree canopy will be considered in the tree replanting plan.
- All tree protection by-laws and policies will be enforced throughout the project limits.

## Map of Area

## Working with the Community

The City of Toronto is committed to communicating with you about ongoing construction activities. We will provide advance notice of disruptions and make every effort to minimize the inconvenience to the community. If you have any questions or would like additional information about the construction activities, please contact Shakha Vasdani, Basement Flooding Protection Field Ambassador at 416-338-5497 or via e-mail at [bfpp@ch2m.com](mailto:bfpp@ch2m.com).
