Construction Notice

September 15, 2011

Light Pole Base Repairs
Elevated Section of Gardiner Expressway
Bathurst Street to Don River

Expected Project Start Date: September 19, 2011
Expected Project Completion Date: late November, 2011

The City of Toronto will be repairing the bases of light poles on the elevated section of the Gardiner Expressway from Bathurst Street to The Don River in both the eastbound and westbound lanes.

Your patience during the construction period is appreciated.

Construction Details
The project will involve the removal and replacement of the short sections of the parapet walls at approximately 30 scattered locations throughout the elevated section of the expressway.

Construction is anticipated to be completed in late November, 2011 weather permitting.

Work Hours
Most of the work will typically take place from 9:00 p.m. to 6:00 a.m., Sunday night to Friday mornings.

Noise
As with all construction projects, there will be noise and temporary inconveniences in order to complete the work effectively and in a safe manner. The noise in the area of the light pole base will include jack hammering. The duration of the noise at each light pole base will be limited, as the project progresses.

Traffic Restrictions
The work will be carried out utilizing approximately 500 m long lane restrictions in any one area at a time.
