Dear Resident:

Re: *Parking Restrictions on Ledbury Street between Lawrence Avenue and Caribou Road.*

The City of Toronto, Technical Services, under Contract No. 11NY-05RD, awarded to Sanscon Construction Ltd., will be undertaking local road re-construction on Ledbury Street from Lawrence Avenue West to Caribou Road. Any questions pertaining to this contract should be directed to Greg Ruffa, P.Eng. at (416) 395-6296.

Residents are advised that the construction across single vehicle driveways will require temporary closure. Where the owner has two (2) entrances, one (1) entrance will be kept open at all times. The City Inspector / Contractor will inform the residents about the duration of the closure.

On-street Parking

On-street parking may be restricted during the construction period. Residents displaced from parking during construction may park on north side of Stormont Avenue from Ledbury Street to Chicoutimi Avenue. Residents must not park where on-street parking is strictly prohibited. There will be no consideration for offences such as No Stopping, No Standing, Stopping on Sidewalks or Boulevards, by Fire Hydrants, Fire Route, Rush Hour Route and parking within 9 metres of intersection.

Night Time Parking

The residents whose driveways are affected due to construction activity can also park the vehicles on Stormont Avenue. The city has co-ordinated the relaxation of the three hour parking limit with Toronto Police Services – Parking Enforcement Unit. Every effort has been made to avoid issuance of parking tickets. In the event the residents get ticketed for overnight parking, the resident should submit the ticket to City Inspector for cancellation next morning.

The City will make every effort to keep inconvenience to residents, businesses and property owners to a minimum and ask for your co-operation to ensure that this work is completed immediately.

Yours truly,

Greg Ruffa, P.Eng.
