

What You Can Do To Help

Quick Tips for the Homeowner

- ☑ Do not pour grease, cooking oil, or fat down kitchen drains and catch basins or flush objects into toilets
- ☑ Do not cover or block catch basins or drain openings on your backyard
- ☑ When disconnecting your downspouts, ensure that water drains properly and does not affect your neighbour's property
- ☑ Clear your eavestroughs and downspouts of leaves and other debris
- ☑ Make sure not to increase your paved parking surface more than is permitted
