

COMMENT SHEET

Don Mills Road Light Rail Transit Class Environmental Assessment

1. Do you have any comments on our proposed approach for the spacing and stop locations for the proposed Don Mills LRT?

2. Below is a typical mid-block cross section of how Don Mills Road may look with LRT added. Can you think of any positive or negative impacts from this type of road design?

4. What do you think is important in choosing a preferred LRT route (# of people serviced by the route, # of stops, construction cost, effects on the natural environment, etc.)?

5a. Pape, Broadview, and Castle Frank Stations, on the Bloor-Danforth Subway line, are being considered as alternative connection/transfer points for the Don Mills LRT. Which of these three stations and the associated route alternatives do you prefer? Please explain below.

5b. Would you be directly affected by any one of these route options? YES NO
 If no, please skip to question #5) If yes, which one and how would you be directly affected?

6. Screening criteria are used to help evaluate each route option. Of the screening criteria identified below, what is most important to you?

Please rank the criteria on a **scale of 1 to 5**, where **1 = least important** and **5 = most important**

Screening Criteria	Level of Importance - Circle One				
Traffic Operations During Construction	1	2	3	4	5
Traffic Operations During regular operation of the LRT	1	2	3	4	5
Property Requirements to build the LRT	1	2	3	4	5
Neighbourhood/Business Impacts During Construction	1	2	3	4	5
Neighbourhood/Business Impacts During Operation	1	2	3	4	5
Impacts on Natural Areas	1	2	3	4	5
Construction Cost	1	2	3	4	5
Property Acquisition Cost	1	2	3	4	5

7. Do you have any other comments or recommendations that would aid the Don Mills LRT project team?

Please return your comments this evening or by **July 2, 2008** via e-mail, fax, or post to:

E-mail: DonMillsTransitEA@toronto.ca

Fax: 416-392-2974
