## Dundas Street Track Project Service - Update

Streetcars return on Dundas Street East between Victoria Street and Parliament Street  
Wednesday, October 31, 2007

On Wednesday, October 31, 2007, streetcar service will resume regular routing to the community and local businesses on Dundas Street East between Victoria Street and Parliament Street.

With the completion of the track work along this particular section along with other previously completed sections, 505 DUNDAS streetcars will now operate on newly reconstructed track between Lansdowne Avenue and Parliament Street. *See map below.*

The design and construction techniques used to build the new track infrastructure on Dundas Street will contribute to a measurable improvement to the long-term performance of the track and concrete pavement, as well as providing a smoother and quieter ride for streetcar passengers.

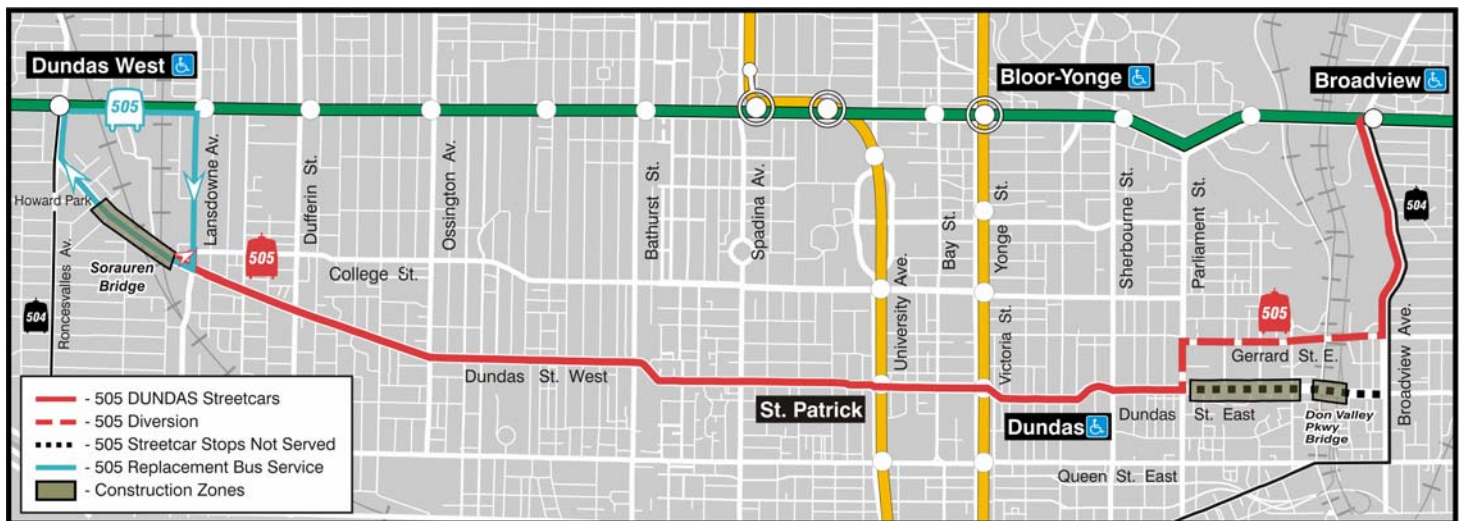

The TTC would like to thank its customers, businesses and area residents for their patience and continued support during other stages of this track project; west of Lansdowne Avenue, and east of Parliament Street. *See map below.*

TTC route and scheduling information is available by calling the TTC Information Line at (416) 393-INFO (4636) or visit our website at [www.ttc.ca](http://www.ttc.ca).
