

Call **3•1•1**

The City of Toronto holds public consultations as one way to engage residents in the life of their city. Toronto thrives on your great ideas and actions. We invite you to get involved.

Etobicoke Waterfront Stormwater Management Facilities Study

Municipal Class Environmental Assessment Notice of Public Information Centre #2

The Opportunity

The City of Toronto is carrying out a Municipal Class Environmental Assessment (EA) study to assess the opportunity to consolidate thirty stormwater outfalls within the Etobicoke Waterfront Drainage Area that discharge stormwater directly to Lake Ontario. The goal of the study is to improve water quality by implementing stormwater management facilities in the study area. This project was identified in the City of Toronto's 2003 Wet Weather Flow Master Plan.

We Would Like to Hear From You

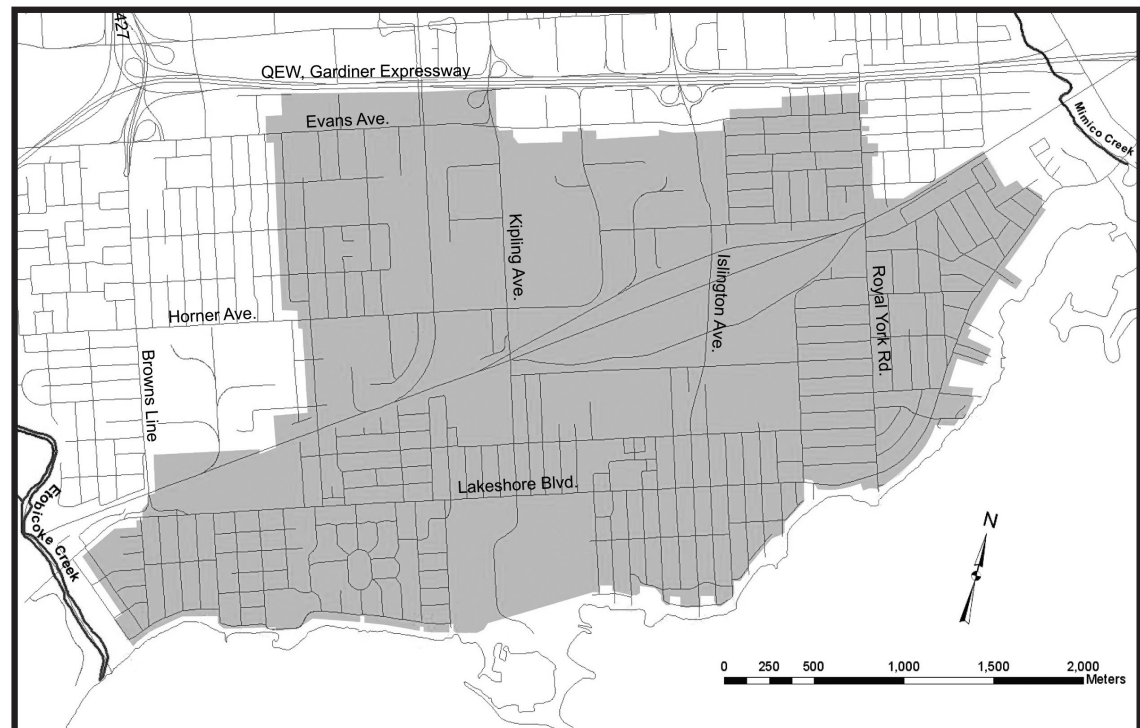

The Study has evaluated various options and has identified a preliminary preferred solution that we would like to share with you. You are invited to attend the Public Information Centre to learn more about what is being recommended, and to provide input on the preliminary preferred solution. The Public Information Centre will include display boards, and a presentation, followed by a question and answer session.

Please join us on:

Date: Thursday, February 2, 2012

**Time: 6:30 p.m. to 8:30 p.m.
(Presentation at 7 p.m., followed
by Question & Answer session)**

**Location: Assembly Hall
upstairs auditorium
1 Colonel Sam Smith Park Drive
(Lake Shore Boulevard West at
Kipling Avenue)**

How to Stay Involved

If you are unable to attend the meeting but would like to be provided with information or would like to be added to the study mailing list, please contact:
