### Study Overview

The City of Toronto, in association with the Toronto Entertainment District Business Improvement Area, is undertaking a Municipal Class Environmental Assessment (EA) Study to examine potential improvements to the public realm of John Street consistent with concepts outlined in the Toronto Entertainment District Master Plan.

The John Street Corridor, from the Art Gallery of Ontario to the Waterfront, is designated as a Cultural Corridor. Given this corridor's importance in linking many of the City's recognizable cultural landmarks, the EA study will assess and evaluate opportunities to enhance the cultural significance along this route and improve pedestrian facilities between Stephanie Street and Front Street West.
