

Municipal Class Environmental Assessment
Scarborough Waterfront CSO/Stormwater Outfalls Control &
Flood Protection Study

COMMENT SHEET

Open House #2 – October 5, 2009

Background

The City of Toronto is carrying out a Municipal Class Environmental Assessment (EA) Study to manage the impacts of combined sewer overflows and stormwater discharge into the Scarborough Waterfront and to minimize surface and basement flooding within the study area. The study will be carried out under the requirements of the Municipal Class Environmental Assessment in accordance with Schedule 'C' projects.

The City of Toronto is interested in your comments regarding this project. Please take a few minutes to complete this comment sheet. All comments will be considered.
