

Sheppard Avenue East and Markham Road Intersection Sewer Upgrades

Projected Start: Saturday, Nov 14, 1:00 am *

Projected Finish: Monday, Nov 16, 5:00am *

* Timelines are subject to change due to weather and/or unforeseen events

Update

Watermain upgrades were successfully completed from October 24-26. The second stage of work involves upgrades to the sewer system at the Markham Road and Sheppard Avenue intersection. The City of Toronto and TTC encourage the community to support local businesses throughout construction. Information on the Sheppard East Village BIA is available at:

www.sheppardeastvillagebia.com

Markham Road and Sheppard Avenue East Intersection

Starting on Saturday Nov 14 at 1:00 am to Monday Nov 16 at 5:00 am, the intersection of Sheppard Avenue East and Markham Road will undergo construction to upgrade the sewers.

Purpose of the Project

The work will extend the service life of the sewers in order to minimize maintenance and life-cycle costs in advance of the Sheppard Avenue East Light Rail Transit (LRT) project.

Traffic Restrictions

In order to complete the sewer work as quickly as possible with the least amount of disruption, the following traffic restrictions will be in place from Nov 14 (1:00 am) to November 16 (5:00am):

Sheppard Avenue East

- one lane maintained in both directions (eastbound and westbound) across the intersection
- no left turns permitted onto Markham Road
- right hand turns permitted onto Markham Road

Markham Road

- traffic will not be able to cross the intersection northbound or southbound for the majority of the closure.
- no left hand turns permitted onto Sheppard
- right hand turns will be permitted onto Sheppard
- Efforts will be made to reinstate north and south through traffic on Markham Road before the end of the closure, as soon as safety to the workers and motorists can be achieved.

Overall Update

All watermain and sewer construction between Scunthorpe Road and Gateforth Drive is scheduled to be completed by **December 10, 2009**. Staff appreciate your patience during this important work.

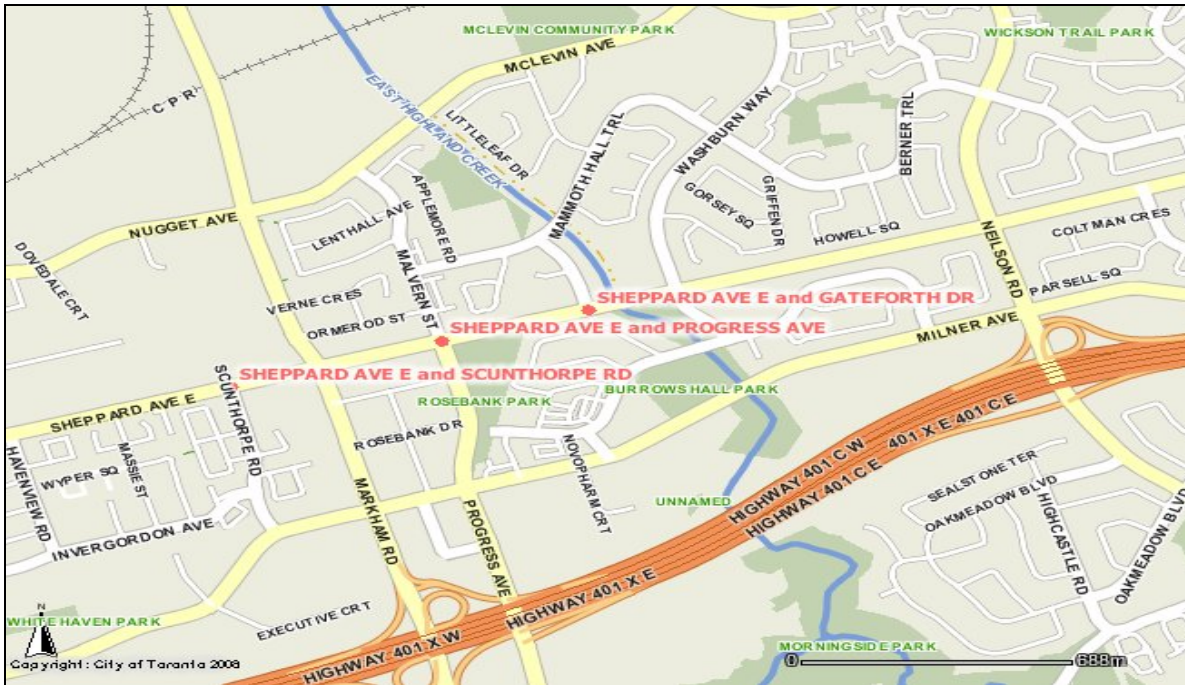

Work Hours

Work will generally take place from 7:00 am to 7:00 pm. However, the contractor does have permission to work overnight in order to finish the work as quickly as possible and to minimize traffic disruption. When work occurs overnight, all necessary steps will be taken to minimize noise.
