

# Agincourt GO Station

## Detour Road (Agincourt GO Station Parking Lot)

### Construction Timelines

Projected Finish: May 2010\*

\*timelines are subject to change due to weather and/or unforeseen events

### Purpose of Upcoming Work on Sheppard Avenue East

This project is to provide a detour road for vehicular traffic to by-pass the planned grade separation of Sheppard Avenue East and the Stouffville GO line. The grade separation is the creation of an underpass to allow GO trains to pass over Sheppard Ave East and the future Sheppard East Light Rail Transit (LRT) line.

### Work Zones on Sheppard Avenue East (see map on reverse page)

- The parking lot Agincourt GO Station (4100 Sheppard Ave East).

### Work Details

- Widening and reconfiguration of the West entrance into the GO Station parking lot to accommodate an exit and entrance
- Closure of the East entrance to the GO Station parking lot
- Construction of a detour road that includes, but is not limited to:
  - Earthworks, paving, traffic signals, sewer installation and parking lot modifications at Agincourt GO Station

### Vehicular and Pedestrian Traffic

There will be minor traffic delays during the work. A minimum of one lane of traffic in each direction will be maintained through the work area on Sheppard Ave East. Pedestrian routes will be maintained at all times.

### Parking and Vehicle Access

During construction, a portion of the main parking lot will be closed as shown in the picture below. Access to the Agincourt GO station building, north parking lot and the remaining parking spaces in the main parking lot will be maintained. A new parking lot is also available for GO patrons use show on the attached map.

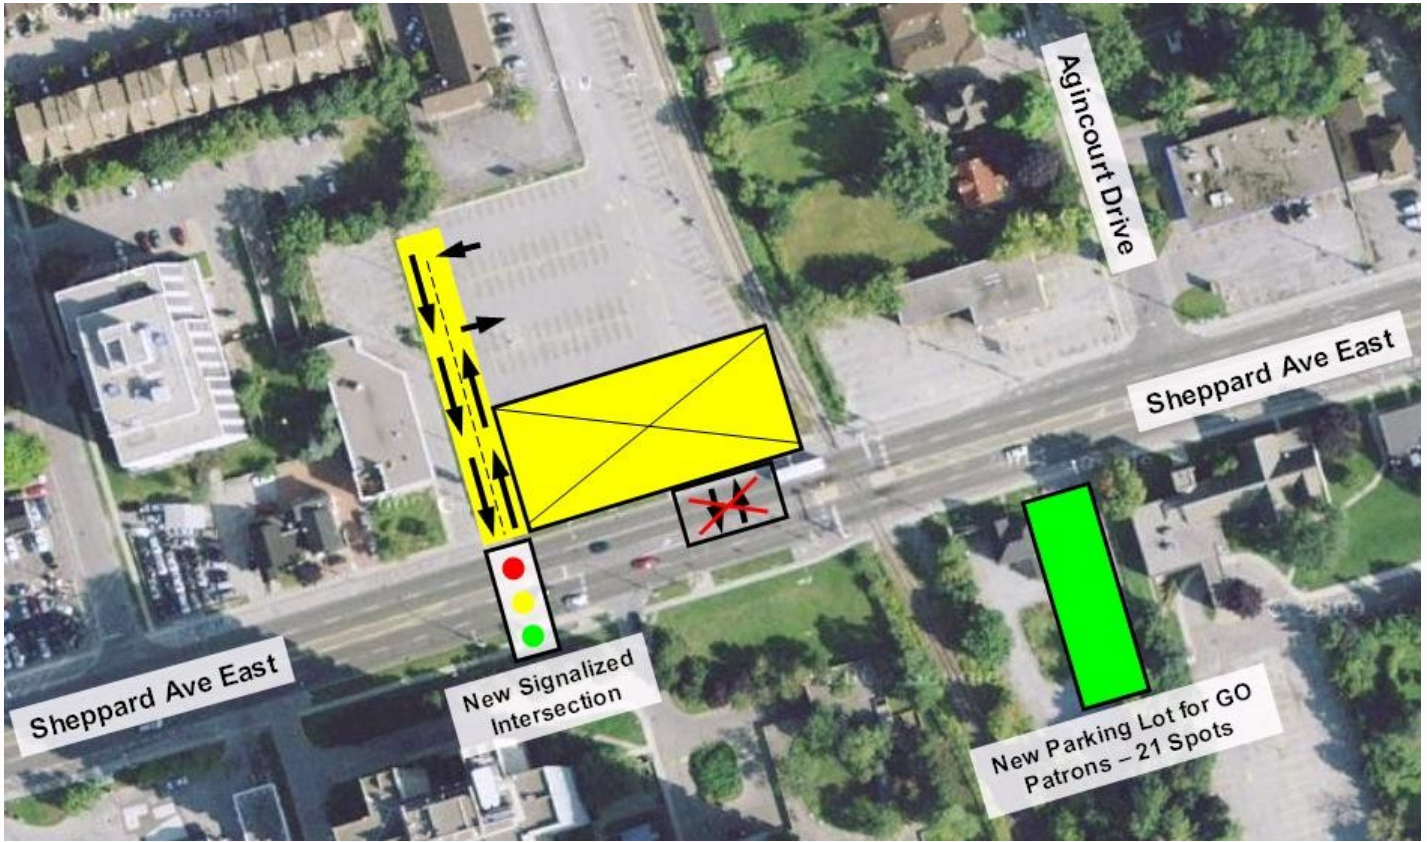

### Work Hours

Work will generally take place from 7:00am - 7:00pm, Monday to Friday with weekend work and overnight work as required.

For updates on the work please visit:
