

Sheppard East Light Rail Vehicle (LRV) Maintenance and Storage Facility

Preliminary Planning Notice of Public Open House

Public Consultation

We are holding a Preliminary planning Public Open House where you can learn more about this proposed transit project, ask questions, and share your comments. This open house will occur as follows:

Date: February 10, 2010

Time: 6:30 pm to 9:00 pm

Location: Chinese Cultural Centre – 5183 Sheppard Avenue East (at Markham Road)

Background

The Toronto Transit Commission (TTC) is planning to construct a Light Rail Vehicle (LRV) Maintenance and Storage Facility at 8304 Sheppard Avenue East at Conlins Road. The project is needed to provide service and storage facilities for new Light Rail Vehicles for Transit City, including the Sheppard Avenue East Light Rail Transit (LRT) project, which will significantly enhance transit service for the community.

At the upcoming Open House, the TTC will introduce the proposed Maintenance and Storage Facility project, including potential layouts, existing site conditions and criteria to be used in the future Transit Project Assessment process.

Next Steps

Following the open house, the TTC will review comments, evaluate the design options and select a recommended layout. Based on this layout, the potential effects will be identified in detail, and mitigation recommended where necessary. The TTC is interested in considering your input for these next steps.

A Notice of Commencement will then be issued to start the Transit Project Assessment Process and a second Open House will be held in Spring 2010. Local residents and stakeholders will have an opportunity to comment on the recommended site layout and proposed mitigation measures at that time.

We would like to hear from you

Public consultation is an important part of this study. If you would like to provide comments or obtain more information, please contact:
