

RECOMMENDED ALTERNATIVE ROUTE #1

- ❖ Most direct route with the lowest travel time
- ❖ Least adverse effects on intersection and access/driveway traffic operations.
- ❖ Least new infrastructure required (low cost)
- ❖ No private property required
- ❖ Accessible to both the community north of CN/GO corridor as well as Exhibition Place
- ❖ Offers easy and efficient connectivity with existing and future transit network
- ❖ Strong potential to promote modal shift to transit
- ❖ Excellent opportunity to improve urban design and pedestrian realm near Dufferin Gates
- ❖ Constructability effects are low
