Chief Financial Officer and Treasurer
Commissioner of Community and Neighbourhood Services.
(October 27, 1999)

Recommending that:

- (1) three separate reserve funds be established to replace the current Social Services Reserve Fund, namely Social Assistance Stabilization Reserve Fund, National Child Benefit Supplement Reserve Fund, and Employment Placement Reserve Fund. Amounts currently within the Social Services Reserve Fund for the three different purposes (December 31, 1998 balances of \$16.2 million, \$2.6 million and \$1.2 million respectively and any transactions to date) should be transferred into the three separate reserve funds. The Social Services Reserve Fund should be closed after all funds have been transferred out;
- (2) any uncommitted funds, to the greatest extent possible and subject to the year-end corporate positions in 1999 and subsequent years, arising from a net under-expenditure of the budget of the Social Services Division related to social assistance caseload be contributed to the Social Assistance Stabilization Reserve Fund;
- (3) the following two items be considered in conjunction with the 2001 Operating Budget:

- (a) an amount of \$5 million be contributed directly to the Social Assistance Stabilization Reserve Fund annually starting in 2001, and such funds be provided for in the Social Services Division's budget request; and
 - (b) for 2001 and subsequent years, a benchmark of an average monthly social assistance caseload of 82,000 be established so that at the end of the year any surplus / deficit of actual expenditures relative to the benchmark be contributed to / withdrawn from the Social Assistance Stabilization Reserve Fund;
- (4) City Council request the Province of Ontario to re-institute a "failsafe" provision similar to that in place until 1995 (when the number of social assistance recipients exceeded 3.5 percent of population for a period of 4 consecutive months, cost sharing with the Province reverted from 80:20 to 90:10 for the excess, with the Province contributing 90 percent of the costs for the excess portion);
 - (5) City Council, in conjunction with the Province of Ontario, request the Government of Canada to fund 100 percent of the social assistance costs for refugee claimants;
 - (6) City Council request that the Province of Ontario continue GTA Equalization as a means to deal with the higher proportion of City of Toronto residents in receipt of social assistance;
 - (7) any excess revenues from the GTA Equalization for 1998, currently estimated at \$6.9 million, be transferred to the Social Assistance Stabilization Reserve Fund, subject to provincial confirmation; and
 - (8) the appropriate City officials be authorized and directed to take the necessary actions to give effect thereto.
