Deputy Mayor Ootes in the Chair.

*Motion:*

- (a) Councillor Disero moved that the Clause be amended:

- (1) to provide that the proposed permit fee increase of \$3.00 per month be reduced to \$1.50 per month, and the decrease in revenue be deducted proportionally from the partial reinstatement of funding to clean around parked cars and the 'Clean City' initiative; and further, in 2002, when the full impact of the parking permit fee increase of \$1.50 per month comes into effect, both programs receive the full allocation; and
- (2) by adding thereto the following:

"It is further recommended that the Commissioner of Works and Emergency Services be requested to submit a report to the Works Committee for its meeting scheduled to be held on May 9, 2001, on a policy regarding City-wide service levels for sidewalk snow clearing, leaf collection and City cleanliness."

**WHEREAS** a \$3.00 per month increase for a parking permit and a front yard parking pad permit, as recommended by the Budget Advisory Committee, would result in an increased annual fee of \$120.00 from the current \$84.00, costing 73,000 permit holders \$2.5 million; and

**WHEREAS** the original staff recommendation was for no increase in parking permit fees;

**NOW THEREFORE BE IT RESOLVED THAT** the Mayor and Council of the City of Toronto support a \$3.00 per year increase in parking permit fees and front yard parking pad fees in the City of Toronto to deal with street cleaning requirements."

In summary, Council adopted the recommendations of the Policy and Finance Committee embodied in the Clause pertaining to the 2001 Operating Budget for Transportation Services, subject to the following amendments:

- (1) to provide that the proposed permit fee increase of \$3.00 per month be reduced to \$1.50 per month, and the decrease in revenue be deducted proportionally from the partial reinstatement of funding to clean around parked cars and the 'Clean City' initiative; and further, in 2002, when the full impact of the parking permit fee increase of \$1.50 per month comes into effect, both programs receive the full allocation; and
- (2) by adding thereto the following:
  - "It is further recommended that:
    - (a) the Commissioner of Works and Emergency Services and the Commissioner

- of Corporate Services be requested to submit a joint report to the Administration Committee on a fair hiring policy for the retention of part-time students for street litter pick-up in each and every City Ward;
- (b) the Commissioner of Works and Emergency Services and the Chief Financial Officer and Treasurer be requested to submit a joint report to the Works Committee on a program to permit front yard parking fees to be collected in a manner similar to property taxes;
  - (c) the Commissioner of Works and Emergency Services be requested to:
    - (i) submit a report to the Works Committee for its meeting scheduled to be held on June 6, 2001, for submission to the June 26, 2001 meeting of Council, on a policy regarding City-wide service levels for sidewalk snow clearing, leaf collection and City cleanliness, to take effect in the year 2002, subject to budget approval;
    - (ii) submit a report to the Works Committee on a strategy to ensure that all residents who have front yard parking are paying for same; and
    - (iii) provide, to each Member of Council, copies of maps of the City of Toronto clearly identifying the services that are provided City-wide, and on a Ward basis, i.e., windrow clearing, leaf pick-up, street cleaning, snow clearing and street sweeping; and
  - (d) the following motions be referred to the Works Committee for consideration at such time as the report requested in Recommendation No. (2)(c)(i), above, is submitted to the Committee:

Moved by Councillor Bussin:

**‘WHEREAS** permit parking is an essential service for the residents of the former Cities of Toronto and York and the former Borough of East York; and

**WHEREAS** the near absence of alternative parking opportunities, such as two-car garages and private drives, found largely in the suburban neighbourhoods of the amalgamated City, results in a greater reliance on permit parking for residents of downtown neighbourhoods; and

**WHEREAS** a \$3.00 per month increase for a parking permit and a front yard parking pad permit, as recommended by the Budget Advisory Committee, would result in an increased annual fee of \$120.00 from the current \$84.00, costing 73,000 permit holders \$2.5

million; and

**WHEREAS** the original staff recommendation was for no increase in parking permit fees;

**NOW THEREFORE BE IT RESOLVED THAT** the Mayor and Council of the City of Toronto support a \$3.00 per year increase in parking permit fees and front yard parking pad fees in the City of Toronto to deal with street cleaning requirements.'

Moved by Councillor Layton:

'That the Clause be amended by deleting the \$200,000.00 allocated for special leaf pick-up, and the funds be utilized for the Pesticide Reduction Program recommended by the Environmental Task Force.' ”;

(2) to provide that the 2001 Operating Budget for the Toronto Police Service and the Toronto Police Services Board be flat lined at the 2000 level of \$557.3 million net.

(b) Councillor Jones moved that the Clause be amended by adding thereto the following:

“It is further recommended that the Chief of Police be requested to consult with the local community within 21 Division about any change in service or service levels that may occur as a result of the budget approval by Toronto City Council and submit a report thereon to Council, through the Toronto Police Services Board and the Policy and Finance Committee.”

**NOW THEREFORE BE IT RESOLVED THAT** the federal government, through the Province of Ontario, be requested to allocate all proceeds of crime seized by the Toronto Police Service for the front-line policing needs of the City of Toronto.’ ”

Councillor Shiner in the Chair.

- (d) Councillor Miller moved that the Clause be amended by reducing the 2001 Operating Budget for the Toronto Police Service and the Toronto Police Services Board by \$2.0 million, in order to reflect the ability of the Police to better manage overtime with the new Information Technology system, or the actual 3 percent salary increase or reductions in the overtime budget or any other reductions that the Chief of Police might make.
- (e) Councillor Johnston moved that the Clause be amended by adding thereto the following:

“It is further recommended that the Chair of the Toronto Police Services Board be requested to submit a report to the Policy and Finance Committee providing an update on the overtime costs of the Toronto Police Service and the actions being taken to address the issue of high costs in this area; scheduling of police attending court and the co-operation of court officials in this regard.”

**WHEREAS** the Mayor's Task Force on Homelessness stated that the City requires 2,000 new affordable rental units per year to stem the growth of homelessness; and

**WHEREAS** the City of Toronto has sought to address part of this need through its Let's Build affordable housing program, which makes available capital grants, loans and city-owned land to non-profit housing developers; and

**WHEREAS** the City of Toronto has also waived all building permit fees and development charges for non-profit housing development; and

**WHEREAS** the Toronto Catholic District School Board has imposed an Education Development Charge on all development in the City of Toronto, including non-profit affordable rental, at a rate of \$1,236.00 per unit; and

**WHEREAS** this development charge will cost the non-profit developers of Let's Build facilitated housing over \$475,000.00 in 2001, delay several anticipated construction starts and decrease the overall supply of affordable housing in the City of Toronto;

**NOW THEREFORE BE IT RESOLVED THAT** City Council urge the Toronto Catholic District School Board to exempt non-profit housing from its Education Development Charge and join with the City of Toronto in helping to reverse the growth of homelessness in our community.”

**Moved by: Councillor McConnell**

“**WHEREAS** the World Trade Organization (WTO) meeting in Seattle to initiate ‘The Millennium Round’ brought public attention to the importance of trade issues to the quality of life people experience in their local community; and

**WHEREAS**, while the meetings did not reach an agreement on an agenda for the next round of WTO trade talks, discussions on the General Agreement on Trade in Services (GATS) will still take place over the next three years as part of the ‘built-in agenda’ agreed upon at the founding of the WTO in 1995; and

**WHEREAS** discussions on this agreement may result in the inclusion of several of the features of the now defunct Multilateral Agreement on Investment (MAI), including those opposed by Toronto City Council in previous resolutions; and

**WHEREAS**, the proposed changes to the GATS are of concern to local governments, as they could affect existing jurisdiction and authorities; and

**WHEREAS** the GATS contains a clause on Domestic Regulation that would, as currently envisioned, subject all new Toronto regulatory and licensing initiatives to a rigorous WTO screening process. This screening process would impose a greatly increased administrative burden on Toronto; prevent Toronto from setting limits on the number of 'service providers' (for example, taxis, casinos, big box stores, park vendors) and severely constrain Toronto's authority to protect its environment; and

**WHEREAS** the federal government has neither alerted nor consulted local governments regarding these issues, and as a result, citizens and taxpayers of Canadian municipalities have had little access to information and have also had limited access to informed debates on the proposed changes to the GATS;

**NOW THEREFORE BE IT RESOLVED THAT** the City of Toronto urge the Prime Minister of Canada to exclude municipal jurisdiction from the GATS negotiations, until such time as full and public consultations with municipalities can take place;

**AND BE IT FURTHER RESOLVED THAT** the City of Toronto raise the issue of the GATS and its implications for municipal governance at the May 25, 2001 meeting of the Federation of Canadian Municipalities, by moving or supporting a resolution to exclude municipal jurisdiction from GATS negotiations until such time as full and public consultations take place;

**AND BE IT FURTHER RESOLVED THAT** the Federation of Canadian Municipalities be requested to dedicate staff to monitoring WTO discussions and alert Canadian municipalities of any encroachment on their jurisdictions;

**AND BE IT FURTHER RESOLVED THAT** the City of Toronto Council state its support for the Union of British Columbia Municipalities motion on GATS (copy attached);

**AND BE IT FURTHER RESOLVED THAT** a copy of this Motion be:

- (1) circulated to Members of Parliament representing areas within the City of Toronto, with the request that they endorse the City's action;
- (2) forwarded to all Ontario municipalities for their support;
- (3) made available to the public;

- (4) forwarded to the Federation of Canadian Municipalities Executive for endorsement;
- (5) forwarded to the Toronto-area consulates of WTO member countries; and
- (6) forwarded to the Union of British Columbia Municipalities Executive for their information.”

- (a) NY Towers Inc. shall accept the conveyance of Parts 3 and 18 on the Draft Reference Plan on an "as is" basis, subject to any easements that are reserved or granted for municipal services or public utilities, if necessary, for access, operation, use, inspections, repair, maintenance, reconstruction or alteration of the existing municipal services and for the construction of additional or new services or facilities;

NY Towers Inc. shall pay the registration costs related to the conveyance of this parkland to the City, together with any G.S.T. and Land Transfer Tax payable in connection therewith. The solicitor for NY Towers Inc. shall, at the expense of NY Towers Inc., provide a title opinion to the City, in a form satisfactory to the City Solicitor, stating that the City has a good and marketable title to the parkland,

- free and clear of all encumbrances; and
- (e) closing shall take place simultaneously with the registration of the plan of subdivision, and the inhibiting order relating thereto, for which NY Towers Inc. has submitted Draft Plan of Subdivision Application UDSB-1248;

- (5) the City Solicitor be authorized to complete this transaction on behalf of the City, including payment of any necessary expenses and amending the closing date to such other earlier or later date as he considers reasonable; and
- (6) the appropriate City officials be authorized and directed to take the necessary action to give effect thereto.

Background:

City Council at its meeting held on February 29, March 1, and 2, 2000, adopted Clause No. 23 embodied in Report No. 3 of The North York Community Council which provided, inter alia, that:

- “(4) Corporate Services (Facilities and Real Estate) staff be authorized to negotiate a land exchange of the Sheppard Square Parkette for an equal area of Whitleigh Development Corporation’s land abutting Rean Park, as a condition of approval of Amendment Application UDOZ-99-20;”.

It is understood that NY Towers Inc. is a joint-venture between Daniels Corporation and Whitleigh Development Corporation.

The aforementioned Council authority, as amended, also provided that:

- “(3) staff of Corporate Services (Facilities and Real Estate) be authorized to negotiate a land exchange for the closure of those portions of Sheppard Square road allowance in exchange for the new road to be constructed and negotiate the sale of the balance of the closed road to Whitleigh Development Corporation as a condition of approval of Amendment Application UDOZ-99-20;”.

When the above-noted Recommendation No. (3) was made by North York Community Council to Council it appears that, through inadvertence, the words “the relevant portions of the Sheppard Square road allowance be declared surplus and”

were not carried forward from the staff recommendation relating to the matter and therefore were omitted at the beginning of the Recommendation.

It is now recommended that Council clarify and confirm that the reference to declaring the lands surplus, as noted above, was intended to form part of the said recommendation and that such recommendation be amended accordingly.

At its meeting held on July 4, 2000, City Council approved the recommendations of the Administration Committee and a motion from Councillor Flint to declare the relevant portions of Sheppard Square parkette surplus.

Comments:

This transaction is being contemplated as part of the Official Plan and Zoning By-law Amendment Application UDOZ-99-20 and the Draft Plan of Subdivision Application UDSB-1248 for the NY Towers Inc. (Whitleigh Development Corporation) project at 2-47 Sheppard Square, 1-5 Rean Drive and parts of 17 and 19 Barberry Place.

Details of the property to be sold and/or exchanged are as follows:

Subject Property: Part of Sheppard Square Parkette and Road Allowance.  
Please refer to attached location map.

Description: All parts are shown on a draft reference plan (Job No. 99107) prepared by Vladimir Krcmar Ltd., O.L.S.  
Please refer to the attached draft plan.

Approximate Site Areas: Park - The current parkland comprised of Parts 3, 8, and 18 and totally 2,641.8 square metres will be replaced by the conveyance of Parts 25, 26 and part of Part 27 comprising an equal area of 2,641.8 square metres for expansion of Rean Park.

Part 8 will remain in City ownership as it will become part of the new road. Parts 3 and 18 will be conveyed to the developer.

Road - Parts 2 and 20, comprising 8,613.2 square metres will be sold. The net area after deduction of the new road will be subject to payment to the City. The developer will dedicate Parts 4, 5, 6, 10, 14, 15, 16 and 17, comprising 4,397.3 square metres, to the

City as new road. Parts 7 and 9 remain in City ownership and become part of the new road.

Easements: To be determined.

Current Status: Parkette and road allowance.

Zoning & Official Plan: Refer to Application UDOZ-99-20 and Draft plan of Subdivision UDSB-1248.

An appraisal of the market value of the property was obtained from Price Waterhouse Coopers which indicates a price based on \$247.57 to \$269.10 per square metre (\$23.00 to \$25.00 per square foot) of density, as of May 4, 2000. Following negotiations, the upper end of the range was agreed upon.

In accordance with the aforementioned Clause No. 23 of Report No. 3 of The North York Community Council, the price per square foot applies to the net area following exchange of the new road for the old road, such that the price to be paid to the City is calculated as follows:

Old Road	8,613.2 square metres
Less New Road	<u>(4,397.3 square metres)</u>
Net Area	4,215.9 square metres
@ 3.0x coverage	12,647.70 square metres
	 @\$269.10 per sq. metre
	 = \$3,403,500.00(rounded).

The developer is also responsible for other costs as set out in the recommendations of this report. The parkland is being exchanged on an equal value basis to provide for expansion of Rean Park. Any other obligations of the developer related to the actual development of the property will be secured in the usual manner through the appropriate agreements.

Conclusions:

A new road will be provided by the developer and the City will receive payment for the net area of the old road to be conveyed. Furthermore, the Sheppard Square Parkette will be replaced with parkland to be conveyed to the City in a location abutting Rean Park that is acceptable to the Commissioner of Economic Development, Culture and Tourism. City Council should sell/exchange the subject property, subject

to the necessary Official Plan and Zoning By-law amendments being in full force and effect.

It is recommended that:

- (1) the set fine application for Bus and Delivery Vehicle Parking Zones and Bus Loading Zones be amended:
  - (a) to allow for the adjustment of set fine amounts for offences for individuals (who are not bus operators) and delivery vehicle operators in such amounts as may be approved by the Senior Regional Judge, with initial amounts of \$20.00 for early voluntary payments and \$30.00 for the set fines; and
  - (b) to allow for the adjustment of early voluntary payments and set fine amounts for offences for bus operators in such amounts as may be approved by the Senior Regional Judge, in the event that the amounts of \$200.00 and \$300.00 are not acceptable; and
- (2) the City Solicitor be authorized to take any necessary action to implement Recommendation No. (1) in this report, including the introduction of any necessary Bills in Council.

### Background:

City Council at its meeting of August 1, 2, 3 and 4, 2000, amended and adopted Motion No. J(16), which Motion authorized the enactment of By-law No. 620-2000, being “A By-law To amend By-law No. 542-1999 to exclude Bus and Delivery Vehicle Parking Zones and Bus Loading Zones from the application of By-law No. 542-1999 respecting the amount of voluntary payments and set fines for offences relating to the use of parking meters and parking machines.”

Comments:

The amended Motion and By-law authorized a set fine application for Bus and Delivery Vehicle Parking Zones and Bus Loading Zones in the amounts of \$200.00 for early voluntary payment and \$300.00 for the set fine, subject to any necessary provincial approval.

A draft set fine application was circulated to the Attorney General's office for review and subsequent discussions have indicated that there may be some reluctance on the part of the Senior Regional Judge to approve set fine amounts of \$300.00 for individuals who stop or park in spaces designated for buses. Works Operations staff have also expressed the same concern with respect to delivery vehicles. Staff of the Attorney General's office have not, thus far, raised the same issue with respect to the amounts proposed for bus operators who may be parking in contravention of the by-law, however, there is no guarantee that these amounts will be approved, since the Senior Regional Judge usually compares amounts which have previously been approved for similar offences. My understanding is the highest fines which have been approved for parking offences, to date, are for parking in disabled parking spaces and for parking in emergency fire routes. These fines have not been more than \$200.00 and safety was cited as the primary reason for the approval. While there is some understanding at the staff level in the Attorney General's office of the bus parking situation in Toronto, particularly in the downtown core, there is no guarantee that set fines in the amount of \$300.00 will be approved for the operators of buses parked in contravention of the by-laws. Further, there is no guarantee that the approval of these increased fines for designated bus loading zones and parking zones will in any way deter bus operators from parking illegally in non-designated areas, where they would only be subject to already established lower set fines.

Council should also be aware that, on a related matter, Council at its meeting of August 1, 2, 3 and 4, 2000 adopted Toronto Community Council Report No. 13, Clause No. 6, respecting a "Zoning By-law Amendment – Reduction of Number of Charter Bus Parking Spaces", which Clause had a recommendation that: "(5) the provincial government be urged to increase fines to deal with illegally parked buses". The Minister of Transportation responded to the City Clerk, by letter dated September 27, 2000, stating that, while there is no specific offence in the Highway Traffic Act or Provincial Offences Act for illegally parked buses, "fines for parking infractions within a city are set by municipal by-laws". So this, in fact, clarifies the Province's view that the appropriate enforcement mechanism for dealing with situations related to on-street bus parking, including individuals parking in spaces allocated for buses, is by means of municipal by-laws and set fines. The Minister's letter will also be used to support the City's application for the \$300.00 set fine for bus operators who illegally park buses.

In order to avoid reporting continually to Council, based on the recommendations of staff of the Attorney General's office or the decision of the Senior Regional Judge in this matter, authority is being sought to allow the City Solicitor to make such adjustments to the amounts of the proposed early voluntary payments and set fines as are required to obtain approval, bearing in mind Council's desire that these fines be set as high as possible.

It will be necessary to make certain by-law amendments to allow for the amended set fine application to proceed and authority is sought to allow for the necessary by-laws to be introduced to Council.

Conclusions:

In order to facilitate adjustments to the early voluntary payment and set fine amounts for Bus and Delivery Vehicle Parking Zones and Bus Loading Zones which may be necessary to obtain approval by the Senior Regional Judge, authority is being sought to allow the City Solicitor to make such amendments to the set fine application as may be required to accomplish this goal.
