**10.1 Release of Funds to Toronto Public Utilities  
Coordinating Committee and Digital Map Owners Group;  
Coordination of Utility Work and Repairs to Road  
Allowance as a Result of Utility Installations.**

The Works Committee had before it a communication (May 28, 2002) from the City Clerk advising that the Works Committee at its meeting on May 28, 2002, had before it a report (May 16, 2002) from the Commissioner of Works and Emergency Services recommending that:

- (1) Council authorize the release of funds held in trust by the City and accumulated to the credit of all members of the Toronto Public Utilities Coordinating Committee (TPUCC), estimated to be in the amount of \$313,857.09 (plus prorated accrued interest at a rate of five percent for 2002), subject to any further adjustments to the amount on the date of such release;
- (2) Council authorize the release of funds held in trust by the City and accumulated to the credit of all members of the Digital Map Owners Group (DMOG), estimated to be in the amount of \$616,007.56 (plus prorated accrued interest at a rate of five percent for 2002), subject to any further adjustments to the amount on the date of such transfer;
- (3) the City Solicitor be authorized to prepare an agreement to be entered into with the members of the TPUCC and the DMOG respecting the use and expenditure of the funds to be transferred pursuant to Recommendations Nos. (1) and (2);
- (4) annually audited financial statements of both the TPUCC and DMOG be forwarded to the Chief Financial Officer and the Commissioner of Works and Emergency Services; and
- (5) the appropriate City officials be authorized and directed to take the necessary action to give effect thereto, including the introduction of any by-laws and the preparation and execution of any additional agreements that may be required;

and further advising that the Committee deferred consideration of the aforementioned report until its meeting scheduled to be held on September 11, 2002, for a full presentation by the Toronto Public Utilities Coordinating Committee on the state of roads that results from utility cuts and repair work, including photographs, the worst practices and instances and the best practices and instances that can be discovered; and that the Committee consider whether it wishes to hear depositions on this matter at that time.

Works Committee Minutes  
Wednesday, November 6, 2002

---

The Committee also had before it a report (October 28, 2002) from the Commissioner of Works and Emergency Services introducing a presentation to be made and responding to other requests of the Works Committee regarding various issues related to utility installations in City streets, including (i) restoration of trees and vegetation; (ii) the specification of a project notification sign for periods of shorter than 48 hours; (iii) the policy on the utility companies' obligation to notify residents; (iv) the concerns raised with respect to utility cuts on grass boulevards, including the time taken to restore the boulevard and enforcement issues; and (v) utility inspections; and recommending that the Works Committee receive this report for information.

The Committee also had before it the following communications:

- (i) (April 8, 2002) from the City Clerk advising that the Telecommunications Steering Committee at its meeting held on April 8, 2002, received the communication from the City Clerk advising of the action taken by the Works Committee at its meeting on March 26, 2002, with respect to coordination of utility work and repairs to the road allowance as a result of utility installations; and requested the Works Committee to consider the feasibility of enhancing the inspection capacity on a cost recovery basis;
- (ii) (May 13, 2002) from the City Clerk respecting the action taken by the Telecommunications Steering Committee at its meeting on May 13, 2002, with respect to the present standards applied by the City to telecommunication companies and other utilities entering the roadway and the City's powers to direct and mandate telecommunication companies and utilities on technical matters related to the restoration of road pavement; and referring a communication (May 9, 2002) from Councillor Michael Walker, St. Paul's, to the Works Committee for consideration; and
- (iii) (September 30, 2002) from the City Clerk advising that the Disability Issues Committee at its meeting held on September 24, 2002, recommended that the Works Committee hear depositions from Al Reeves and Roger Roberts, on behalf of the Disability Issues Committee, concerning the lack of consistent standards regarding curb cuts, the state of disrepair of sidewalks, and the consequent dangers faced by persons with disabilities.

The following persons gave presentations to the Committee in connection with the foregoing matter, and submitted copies of their presentations:

- Mr. Andrew Koropeski, Director, Transportation Services, District 1; and

- Mr. Ray Ashby, Vice-Chair, Toronto Public Utilities Coordinating Committee, and Manager of Operations - Toronto Region, Enbridge Consumers Gas.

On motion by Councillor Di Giorgio, the Committee recommended to Council the adoption of the aforementioned report dated May 16, 2002, from the Commissioner of Works and Emergency Services contained in the aforementioned communication.

**(Clause No. 5, Report No. 12)**

## **10.2 Preferred Strategy and 25 Year Implementation Plan for the City of Toronto Wet Weather Flow Management Master Plan.**

The Works Committee had before it a report (October 29, 2002) from the Commissioner of Works and Emergency Services recommending that:

- (1) the Commissioner of Works and Emergency Services, with input from the Wet Weather Flow Management Master Plan Steering Committee, finalize the technical studies supporting the Master Plan for submission to the Ontario Ministry of the Environment for the obligatory 30-day public review period under the Municipal Class Environmental Assessment process;
- (2) the Wet Weather Flow Master Plan be approved in principle, subject to approval of the Plan in accordance with the requirements of the Class Environmental Assessment process;
- (3) the Commissioner of Works and Emergency Services report back in early 2003 to the Works Committee once the obligatory Class Environmental Assessment Review period has expired with the final Wet Weather Flow Management Master Plan; and the Chief Financial Officer and Treasurer in consultation with the Commissioner of Works and Emergency Services also report on a recommended funding model for the 25 Year Implementation Plan;
- (4) the Wet Weather Flow Policy be approved in principle and circulated to Community Councils for their comments, and that the Commissioner of Works and Emergency Services report back with a revised policy incorporating any changes which may be necessary;

Works Committee Minutes  
Wednesday, November 6, 2002

---

- (5) the Wet Weather Flow Plan 2003 requirements be incorporated in the Water and Wastewater Services 2003 Capital Budget; and
- (6) the appropriate City officials be granted the authority to give effect thereto.

The Committee also had before it a report (November 4, 2002) from the Commissioner of Works and Emergency Services respecting feedback received from the most recent public consultation meetings on the Wet Weather Flow Management Master Plan and adjustments made to the 25 Year Implementation Plan as a result of the feedback received; and recommending that:

- (1) this report be received for information;
- (2) the Wet Weather Flow Management Master Plan Budget allocation, within the Water and Wastewater Services Capital Budget, for the years 2008 to 2012 be increased by \$12 million for additional storage/treatment required for the remaining storm sewer discharging into Ashbridges Bay/Coatsworth Cut; and
- (3) the appropriate City officials be granted the authority to give effect thereto.

The Committee also had before it a report (November 5, 2002) from the Commissioner of Works and Emergency Services recommending that:

- (1) authority be granted to accept funding in the amount of \$200,000 from the Ontario Ministry of the Environment (MOE) to fully fund an assessment of the degree to which the Wet Weather Flow Management Master Plan - 25 Year Implementation Plan meets the Toronto and Region Remedial Action Plan Objectives, and to enter into a Memorandum of Understanding with the MOE to carry out the assessment; and
- (2) the appropriate City officials be granted the authority to give effect thereto.

The Committee also had before it the following communications:

- (i) (November 5, 2002) from Ms. Helen Riley, Toronto, Ontario, regarding citizens' concerns with respect to the Wet Weather Flow Management Master Plan;
- (ii) (November 5, 2002) from Mr. Paul Scrivener, the Toronto Industry Network, requesting that staff meet with industry representatives prior to approval of the Wet Weather Flow Management Master Plan;

Works Committee Minutes  
Wednesday, November 6, 2002

---

- (iii) (November 6, 2002) from Ms. Lois Griffin, Chair, Humber Watershed Alliance, in support of the Wet Weather Flow Management Master Plan and commending the work undertaken by the City to resolve stormwater management problems;
- (iv) (November 6, 2002) from Mr. Mark Wilson, Chair, Don Watershed Regeneration Council, expressing strong support for the recommended Wet Weather Flow Management Master Plan and the capital budget allocation to allow implementation of the plan to begin in 2003;
- (v) (November 6, 2002) from Mr. Simon Llewellyn, Director, Environmental Conservation Branch, Environment Canada, Ontario Region; Ms. Doris Dumais, Regional Director (A), Ontario Ministry of the Environment; and Mr. Brian Denney, Director, Watershed Management, Toronto and Region Conservation Authority, congratulating the City on the Wet Weather Flow Management Master Plan, and expressing support for the general directions established in Strategy 5 for study areas 2-5 and Strategy 5a for study area 1; and
- (vi) (November 2, 2002) from Citizens for a Safe Environment, providing comments on the Wet Weather Flow Management Master Plan.

The following persons appeared before the Committee in connection with the foregoing matter:

- Mr. Lino Grima, Institute for Environmental Studies, University of Toronto, and submitted material with respect thereto;
- Mr. Dalton Shipway, Toronto, Ontario;
- Ms. Karey Shinn, Toronto, Ontario, and submitted a communication with respect thereto;
- Mr. Brian Denney, Watershed Management Director, Toronto and Region Conservation Authority;
- Ms. Peg Lush, Toronto, Ontario, and submitted material with respect thereto;
- Ms. Shelley Petrie, Toronto Environmental Alliance;
- Mrs. Lois James, Scarborough, Ontario;
- Mr. Jim Neff, Toronto, Ontario, and submitted material with respect thereto;

Works Committee Minutes  
Wednesday, November 6, 2002

---

- Ms. Suzanne Barrett, Toronto and Region Remedial Action Plan; and
- Councillor Sandra Bussin, Ward 32 - Beaches-East York.

On motion by Councillor Jones, the Committee:

(A) recommended to the Policy and Finance Committee:

- (1) the adoption of the aforementioned report dated October 29, 2002, from the Commissioner of Works and Emergency Services, subject to the Wet Weather Flow Management Master Plan Budget allocation, within the Water and Wastewater Services Capital Budget, for the years 2008 to 2012 being increased by \$12 million for additional storage/treatment required for the remaining storm sewer discharging into Ashbridges Bay/Coatsworth Cut;
- (2) the adoption of the aforementioned report dated November 5, 2002, from the Commissioner of Works and Emergency Services; and
- (3) that Council express its appreciation to all members of the Wet Weather Flow Management Master Plan Steering Committee for their work over the past three years;

(B) received the deputations with thanks; and

(C) referred the following suggestions by the Toronto Environmental Alliance to the Commissioner of Works and Emergency Services for comment:

- (i) the submission of an update every six months on the monitoring results of the Western Beaches Tunnel; and
- (ii) support being given to the Water Advocate to host a formal public advisory group on the implementation of the plan.

(Policy and Finance Committee; c: Commissioner of Works and Emergency Services; General Manager, Water and Wastewater Services - November 6, 2002)

**(Clause No. 37(a), Report No. 12)**

### **10.3 Source Separated Organics Systems for Multi-Residential Dwellings.**

The Works Committee had before it a report (October 22, 2002) from the Commissioner of Works and Emergency Services responding to the Task Force 2010 initiative requesting that the Commissioner of Works and Emergency Services develop a draft implementation strategy for City-wide Source Separated Organics (SSO) collection from multi-residential buildings and that this be ready by fall 2002; and recommending that:

- (1) additional multi-residential SSO demonstration projects be undertaken to supplement the preliminary data from current demonstration projects at a cost of approximately \$50,000.00;
- (2) staff research and report further on recommended policies that provide a financial incentive and/or a by-law requirement to source separate organics, which will be necessary if an effective SSO program at multi-residential complexes is to be implemented;
- (3) apartment recycling promotion and outreach continue to be a high priority; and
- (4) an intra-departmental team be set up to examine issues raised at the public consultation sessions with respect to conflicts between zoning by-laws and the "City of Toronto Requirements for Garbage and Recycling Collection from New Developments and Redevelopments".

The following persons appeared before the Committee in connection with the foregoing matter:

- Mr. Brad Butt, Executive Director, Greater Toronto Apartment Association; and
- Mr. Gord Perks, Toronto Environmental Alliance.

The Committee:

- (A) recommended to the Policy and Finance Committee:
  - (1) the adoption of the aforementioned report; and
  - (2) that consideration be given to the following multi-residential dwellings for pilot projects:

Works Committee Minutes  
Wednesday, November 6, 2002

---

- (i) 35 Wynford Drive, North York, as a Source Separated Organics pilot for a rental property; and
- (ii) Flemingdon Park or Thorncliffe Park for low-tech pilot projects (non-profit housing); and

**(Motion by Councillor Pitfield)**

- (B) requested the Commissioner of Works and Emergency Services to:
  - (1) submit a report to the Works Committee during the budget process on proposals to assist staff to consider and develop the processes and technologies required to move forward with a strategy to address challenges of diverting waste in multi-residential dwellings, including the possibility of the creation of a working group, with rooftop gardening and composting to be considered as part of the mandate of the working group; and

**(Motion by Councillor Duguid, amended by Councillor Layton)**

- (2) provide for each meeting of the Works Committee a brief schedule update of the 2010 Task Force recommendations.

**(Motion by Councillor Pitfield)**

(Policy and Finance Committee; c: Commissioner of Works and Emergency Services; General Manager, Solid Waste Management Services - November 6, 2002)

**(Clause No. 37(b), Report No. 12)**

**10.4 Source Separated Organics Processing Strategy.**

The Works Committee had before it a report (October 22, 2002) from the Commissioner of Works and Emergency Services providing information on negotiations with Canada Composting Inc. (CCI) and their joint venture partners for the possible expansion of the Dufferin Organics Processing Facility; the results of staff's technical and financial evaluation of the use of enhanced autothermal thermophylic aerobic digestion processing and its possible application at the Dufferin site or other sites; and the results of staff's review of

long-term options for processing Source Separated Organics generated from planned programs in the residential, commercial and agencies, boards, commissions, departments and schools sectors between 2002 and 2006; and recommending that a Request for Proposals be issued in December 2002 for external Source Separated Organics processing capacity for a term of up to five years beginning in 2003 for up to 100,000 tonnes per year in accordance with the projected Source Separated Organics Generation rates.

The Committee also had before it a report (October 25, 2002) from the Commissioner of Works and Emergency Services responding to a City Council request directing staff to study the technical and financial feasibility of establishing an anaerobic digestion facility, on City-owned property, to process source separated waste to generate biogas for the district energy needs of the downtown core; noting that the results of the study have been incorporated into the efforts of Solid Waste Management Services to develop a long-term organic waste processing strategy; and recommending that this report be received for information.

On motion by Councillor Balkissoon, the Committee:

- (1) recommended to Council the adoption of the aforementioned report dated October 22, 2002, from the Commissioner of Works and Emergency Services, subject to the following amendments:
  - (i) the Request for Proposals be structured to allow proponents to bid on one or more tonnage ranges up to a maximum of 100,000 tonnes per year, for a term of two years with an optional extension of a third year and including longer term options up to five years; and
  - (ii) the evaluation process encourage the award to include multiple proponents; and
- (2) requested the Commissioner of Works and Emergency Services to submit a report to the Committee at the first meeting following six months' operation of the Dufferin Organics Processing Facility on the status of the operations and a financial analysis of the cost per tonne to date with any future projections on this cost; and on a long-term plan for a permanent mechanism or facility for processing the City's Source Separated Organics.

(Commissioner of Works and Emergency Services; General Manager, Solid Waste Management Services - November 6, 2002)

**(Clause No. 1, Report No. 12)**

**10.5 Cost to Amend Curbside Waste Collection  
Contract to Include Source Separated  
Organics Collection in the York Community.**

The Works Committee had before it a report (October 21, 2002) from the Commissioner of Works and Emergency Services respecting the status of negotiations with Turtle Island Recycling to amend the curbside waste collection contract to include Source Separated Organics in the York Community by June 2004; advising that Turtle Island has requested to defer discussion on the renegotiation of the York contract until late 2002 due to their current commitment to the Etobicoke contract and recently implemented Green Bin Program; and recommending that:

- (1) this report be received for information; and
- (2) staff report back to the Works Committee by April 2003 with the results of negotiation with Turtle Island Recycling to amend their contract to include Source Separated Organics (SSO) collection in the York Community by June 2004.

On motion by Councillor Pitfield, the Committee concurred in the recommendations contained in the aforementioned report.

**(Clause No. 37(c), Report No. 12)**

**10.6 Green Bin Program.**

The Works Committee had before it a report (October 28, 2002) from the Commissioner of Works and Emergency Services respecting the start-up of the Green Bin program in Etobicoke and addressing ways to improve the roll-out of the program in Scarborough, as requested by the Committee at its last meeting; noting that while there were initial problems with the implementation, the program in Etobicoke is now operating more smoothly; advising that approximately 90 percent of the residents are participating in the program and diverting approximately 225 tonnes per week of organic waste from landfill, slightly above the original estimates; further advising that due to the experience gained from the Etobicoke start-up and the fact that there is more lead time for the roll-out in Scarborough, staff anticipate smooth implementation of the Green Bin program in Scarborough; and recommending that this report be received for information.

The following persons appeared before the Committee in connection with the foregoing matter:

- Mrs. Lois James, Scarborough, Ontario; and
- Mr. Jim Neff, Toronto, Ontario.

The Committee:

- (1) received the aforementioned report; and

**(Motion by Councillor Jones)**

- (2) requested that rooftop gardening and composting be included as part of the mandate of the working group being considered with respect to Source Separated Organic Systems for multi-residential dwellings.

**(Motion by Councillor Layton)**

#### **10.7 Revised Fee Structure for Decommissioning Soil Post Keele Valley Landfill Closure.**

The Works Committee had before it a report (October 23, 2002) from the Commissioner of Works and Emergency Services recommending that:

- (1) the Solid Waste Management fee for decommissioning soil received at Keele Valley Landfill be changed from \$10.00 per tonne to \$230.00 per load, effective January 1, 2003;
- (2) no decommissioning soil loads larger than a tri-axle dump truck will be accepted at the site;
- (3) the quantities of decommissioning soil accepted will continue to be limited to the City's requirements and must be suitable for the intended use; and

- (4) appropriate City officials be authorized and directed to take the necessary action to give effect thereto.

On motion by Councillor Pitfield, the Committee recommended to Council the adoption of the aforementioned report.

**(Clause No. 3, Report No. 12)**

**10.8 Old Riverdale Landfill - Landfill Gas Management Options.  
(Ward 30 - Toronto-Danforth)**

The Works Committee had before it a report (October 22, 2002) from the Commissioner of Works and Emergency Services respecting options for the management of landfill gas emitted from the old Riverdale Landfill, as requested by the Committee at its meeting on June 25, 2002; advising that the environmental benefits of collecting, incinerating and/or utilizing landfill gas from older, smaller landfills is relatively low, that there are operational difficulties at such plants where landfill flows are low, and that there would be significant expense to the City for the construction and operation of such facilities; and recommending that the City not pursue the establishment of any new landfill gas collection, incineration and/or utilization facilities, other than the Thackeray Landfill, and that the current practice of collecting and venting very small quantities of landfill gas to mitigate subsurface migration be continued.

On motion by Councillor Layton, the Committee deferred consideration of the aforementioned report until its next regular meeting, scheduled to be held on December 10, 2002.

(Commissioner of Works and Emergency Services; c: General Manager,  
Solid Waste Management Services - November 6, 2002)

**DEFERRED**

**10.9 Mercury Diversion Initiatives.**

The Works Committee had before it a report (October 24, 2002) from the Commissioner of Works and Emergency Services responding to the recommendations from the Toronto Environmental Alliance regarding mercury diversion initiatives, as requested by the Committee at its meeting on September 11, 2002; advising that the Works and Emergency Services Department will continue to promote its Household Hazardous Waste diversion program and place emphasis on mercury reduction in its HHW promotional literature; further

advising that Solid Waste Management Services will also incorporate any practical mercury reduction initiatives in future waste contracts, and will work with the City's Agencies, Boards, Commissions and Departments to increase the awareness of products containing mercury and to promote mercury diversion programs; and recommending that this report be received for information.

On motion by Councillor Li Preti, the Committee received the aforementioned report for information.

**(Clause No. 37(f), Report No. 12)**

**10.10 Legal Proceedings to Recover Amounts Owing on Outstanding Invoices Issued to Recycle Plus Ltd.**

The Works Committee had before it a confidential joint report (October 22, 2002) from the City Solicitor and the Commissioner of Works and Emergency Services respecting legal proceedings to recover amounts owing on outstanding invoices issued to Recycle Plus Ltd.

The Committee recommended to Council the adoption of the aforementioned joint report; and further that, in accordance with the Municipal Act, discussions pertaining thereto be held in camera having regard that the subject matter relates to litigation or potential litigation affecting the municipality.

Proposed Litter Prevention and  
Reduction Strategy.**

The Works Committee had before it a report (October 31, 2002) from the Commissioner of Works and Emergency Services providing information on the results of an extensive litter audit which was conducted in co-operation with the Clean Streets Working Group in the summer of 2002; and advising that the Clean Streets Working Group recommends that:

- (1) the Commissioner of Works and Emergency Services report to the Works Committee with recommendations, including an implementation plan and any associated costs of implementing the following recommendations of the Clean Streets Working Group:
- (i) a five-year Litter Prevention and Reduction Strategy be developed based on the three guiding principles developed by the Clean Streets Working Group:
    - education;
    - enforcement; and
    - efficient collection;
  - (ii) a litter audit be conducted on an annual basis, or as required, to develop a trend analysis for the purpose of measuring the impact of litter prevention programs and identifying emerging issues and opportunities;

Works Committee Minutes  
Wednesday, November 6, 2002

---

- (iii) the City establish a litter reduction goal of 50 percent for the period June 1, 2002 to June 1, 2007, with progress towards the goal being monitored through an annual litter audit and other associated litter collection data obtained using methodology adopted by the Clean Streets Working Group;
- (iv) the education component of the Litter Prevention and Reduction Strategy include the following activities:
  - (a) conducting a Litter Attitudes and Behaviour public research survey prior to any further litter advertising expenditure to supplement the litter audit data to ensure a research driven advertising/education program;
  - (b) developing a multi-year combined advertising and marketing plan aimed at litter prevention with a consistent, sustained message;
  - (c) based on package and product types identified in the litter audit and demographic information obtained from the Attitudes and Behaviour research, developing partnership marketing relationships with brand owners, retailers, media and entertainment outlets to co-market the litter prevention message;
  - (d) staff, working with the Clean Streets Working Group, address school/campus-based litter education and clean-up issues;
  - (e) staff, working with the Clean Streets Working Group, address TTC associated litter sources, education and clean-up issues;
  - (f) in recognition of the reach of Toronto-based media, developing the education campaign in conjunction with GTA municipalities with consideration of financial cost sharing arrangements; and
  - (g) expanding the Mayor's Clean-up Day to challenge all businesses/citizens in the City to clean up Toronto;
- (v) the enforcement component of the Litter Prevention and Reduction Strategy include the following:
  - (a) by-law enforcement officers within Solid Waste Management Services and other City departments increasing the priority placed on litter ticketing and enforcement;

Works Committee Minutes  
Wednesday, November 6, 2002

---

- (b) requesting the office of the Justice of the Peace to support the efforts of the City of Toronto to reduce illegal dumping, set-out and litter by imposing punitive fines upon conviction;
  - (c) undertaking one or more litter enforcement blitz programs per year to raise awareness of the anti-litter by-law;
  - (d) promoting the availability and use of a litter reporting hotline telephone number;
  - (e) developing BIA-based 'litter enforcement teams' to collect evidence for use by City by-law officers in the prosecution of litter offenders;
  - (f) considering innovative solutions such as the use of off duty police officers and parking by-law enforcement officers to supplement current enforcement resources; and
  - (g) investigating, in co-operation with Urban Development Services and Legal Services, the tools currently or potentially available to require businesses which are linked to worse than average litter zones to address the litter associated with their operations. These include, but are not limited to:
    - parking lots;
    - street vendors;
    - convenience stores;
    - shopping centres;
    - take-out restaurants;
    - apartment buildings;
    - transit shelters; and
    - construction sites;
- (vi) the efficient collection component of the Litter Prevention and Reduction Strategy include the following:
- (a) investigating the opportunity to increase the number of litter bins available in heavy usage areas;
  - (b) reviewing the location, placement and capacity of litter bins to optimize their level of utilization;

Works Committee Minutes  
Wednesday, November 6, 2002

---

- (c) determining whether changes to the collection frequency from litter bins are required to ensure that the bins are not overflowing; and
  - (d) reviewing litter collection hours of operation to address the cyclical pattern of litter accumulation;
- (vii) exploring the potential for funding and/or in-kind support partnership opportunities with private firms, organizations or agencies with an interest in the work of the Clean Streets Working Group, including:
- (a) an 'adopt a litter/recycle bin' program where advertising sponsorship of litter receptacles helps support the overall program;
  - (b) funding by the tobacco industry for the provision and servicing of outdoor ashtrays;
  - (c) financial support for litter attitudes public research;
  - (d) 'tagging' the Toronto litter prevention message on existing product or service advertising campaigns;
  - (e) sponsoring special events and promotions; and
  - (f) direct financial support for City litter prevention advertising;
- (2) the City of Toronto request the Ontario Ministry of the Environment and Waste Diversion Ontario through the Minister of the Environment to identify public space and litter materials as a designated material under the Waste Diversion Ontario regulations thereby requiring the formation of a public space waste materials/litter industry funding organization for the purpose of financially supporting municipally operated systems; and
- (3) the Commissioner of Works and Emergency Services be authorized to enter into agreements with BIA's, in a form and content satisfactory to the City Solicitor and in consultation with the Chief Financial Officer and Treasurer that enable the funding of City staff by-law enforcement officers on a cost recovery basis.

Mr. Gord Perks, Toronto Environmental Alliance, appeared before the Committee in connection with the foregoing matter.

Works Committee Minutes  
Wednesday, November 6, 2002

---

On motion by Councillor Pitfield, the Committee:

- (1) recommended to Council the adoption of recommendations of the Clean Streets Working Group contained in the aforementioned report;
- (2) further recommended that the Ministry of the Environment be requested to enforce Regulation No. 104-94 under the Environmental Protection Act, "Packaging Audits and Packaging Waste Reduction Work Plans"; and
- (3) referred the concerns raised by Councillor Balkissoon with respect to the identification of a particular institution in the media release of the findings of the litter audit, to the Chair of the Committee to forward a letter of apology to the high school principal and parent-teacher organization, and any further action deemed appropriate.

The Works Committee had before it a communication (October 9, 2002) from Councillor Howard Moscoe, Ward 15 - Eglinton-Lawrence, respecting Regulation No. 224/02 with regard to fees and charges under the Municipality Act; and recommending that:

Works Committee Minutes  
Wednesday, November 6, 2002

---

- (1) the City establish a by-law that when a gas line has been either decommissioned or abandoned, the company be required to either remove it from the roadway and restore the road to its original condition, or negotiate an access agreement with the City; and
- (2) staff review the permit process, and in view of the fact that the City is not entitled to collect a permit fee from the gas company, that permits for the installation of gas lines be given the priority they deserve, and that staff bring forward a revised permit process which would require gas companies to do their own circulation to various municipal departments.

The Committee also had before it a confidential report (November 4, 2002) from the City Solicitor respecting the aforementioned communication from Councillor Moscoe, with regard to municipal charges to gas companies and Regulation No. 224/02 under the Municipal Act, 2001.

On motion by Councillor Jones, the Committee received the aforementioned communication and confidential report.
