

**WORKS COMMITTEE  
AGENDA  
MEETING 11**

1. Processing Capacity for Source Separated Organic Material  
Request for Proposal No. 9155-03-5280
  - 1(a). Confidential report (June 17, 2004) from the Commissioner of Works and Emergency Services and the Chief Financial Officer and Treasurer entitled “Request for Proposals No. 9155-03-5280 Processing Capacity for Source Separated Organic Material – Supplemental Report on the Cost of Services” such report to remain confidential having regard that the subject matter relates to the security of the property of the municipality.
  - 1(b). Report (September 30, 2004) from the Acting Commissioner of Works and Emergency Services responding to questions raised by the Works Committee at its meeting on September 8, 2004, and to follow-up questions raised by members of the Committee at their meeting with staff on September 17, 2004, including the purpose of the Request for Proposals for the small scale facility; the operating results of the Dufferin organics processing facility to date; whether the City should also negotiate with SGC; and whether the City could ask the four preferred respondents for five-year prices; advising that staff are recommending that they be authorized to negotiate and enter into contracts with the four respondents and that their proposed tonnage be shared amongst the City and its partners in the RFP, the Regions of York and Durham; and also advising that once the RFP process is closed, staff can undertake a detailed review of options for developing one or more publicly owned and operated facilities, including a possible expansion of the Dufferin facility, either alone or in co-operation with York and/or Durham Regions.
  - 1(c). Report (June 17, 2004) from the Commissioner of Works and Emergency Services and the Chief Financial Officer and Treasurer.
