Toronto and East York Community Council Minutes
Tuesday, February 8, 2005

- (1) approve the proposed Site Plan application to develop the site with two detached residential dwellings, as indicated on drawings A1, A2, (as redlined by the applicant on December 16, 2004) A3, A4, A5, A9, A10, A11, A12, A13, A14, L1, L2, L3 date stamped as received on April 14, 2004, subject to the following conditions:
- (i) the owner shall conduct an investigation of underground utilities prior to new tree planting within the City road allowance. If planting is not possible due to a utility conflict, a utility locate information sheet from the respective utility company must be provided to the Supervisor of Urban Forestry Planning and Protection;
 - (ii) the owner shall plant 5 new trees within the City road allowance as shown on Plan L3 Planting Plan to the satisfaction of the Commissioner of Economic Development, Culture and Tourism and in accordance with the following details (not shown on plans):

Street Trees in Turf: In accordance with Planting Detail No. 101 for Balled and Burlapped Trees in Turf Areas, dated June 2002;
 - (iii) the owner shall ensure a clearance of 1.2 metres from the edge of a tree's root ball to the edge of the underground utility(s). For clearance less than 1.2 metres but greater than or equal to 0.6 metres, a root deflector must be installed in the tree pit between the tree's root ball and the utility(s);
 - (iv) the owner shall provide a two-year renewable guarantee for all new tree plantings within the City road allowance and shall notify Mark Procnier, Supervisor of Urban Forestry Planning and Protection in writing, of the planting date prior to planting. This date is used to establish the anniversary date of the required two-year renewable guarantee;
 - (v) the owner shall maintain all new tree plantings within the City road allowance in good condition. Trees will be inspected during and prior to the end of the renewable guarantee period. If the trees are in good condition at the end of the renewable guarantee period, the City will assume maintenance and ownership of the trees;
 - (vi) the owner shall be responsible for the maintenance or replacement of all new tree plantings within the City road allowance if during, or at the end of the renewable guarantee period, the trees are not in good condition, require maintenance or require replacement. The owner will be responsible for rectifying the problem as determined by and to the satisfaction of the Commissioner of Economic Development, Culture and Tourism;

- (vii) the owner shall maintain all newly replanted trees within the City road allowance in good condition and shall provide an additional two-year renewable guarantee;
- (viii) the owner shall provide and maintain an irrigation system, for the proposed trees within the public road allowances and the concrete planters, including an automatic timer, designed to be water efficient by a Certified Landscape Irrigation Auditor (CLIA) and constructed with a back flow preventer to the satisfaction of the Commissioner of Works and Emergency Services, including requirements to maintain in good order and operation;
- (ix) prior to the issuance of a Landscape Permit (by Works and Emergency Services, Transportation Services, Right of Way Management), the owner shall provide a tree planting security deposit in the form of an irrevocable Letter of Credit or certified cheque payable to the Treasurer, City of Toronto, in the amount of \$2,940.00 (\$588 per tree subject to change) for new tree planting within the City Road allowance. The tree planting security deposit must be submitted to the attention of Mark Procnier, Supervisor of Urban Forestry Planning and Protection. The deposit will be drawn upon to cover all costs incurred by the City of Toronto in enforcing and ensuring that the trees are plated and kept in a healthy and vigorous state during the two-year guarantee period;
- (x) the Commissioner of Economic Development, Culture and Tourism shall hold the tree planting security deposit for the duration of the renewable guarantee period;
- (xi) the owner shall be required to provide and maintain rodent-proof containers on private property for each dwelling unit for the storage of refuse and recyclable materials during non-collection days;
- (xii) the owner shall be required to apply for revised municipal numbering prior to filing an application for building permit;
- (xiii) the owner shall submit, prior to the issuance of a building permit, site servicing and grading and drainage plans to the satisfaction of the Commissioner of Works and Emergency Services; and
- (xiv) the owner shall provide fire access routes in accordance with the requirements of the Ontario Building Code.
