9.95 Rogers/OMNI parking lot on Queens Quay West (Ward 20, Trinity-Spadina)

On motion by Councillor Chow, the Toronto and East York Community Council allowed the introduction of a communication (November 15, 2005) from Councillor Olivia Chow, respecting Rogers/OMNI parking lot on Queens Quay West (Ward 20, Trinity-Spadina), and recommending:

- (1) that the City request Rogers/OMNI to maintain the pavement immediately south of its parking lot, on Queens Quay West, just east of Bathurst; and
- (2) that City staff explore the possibility of assuming responsibility of three feet of pavement in front of the Roger's parking lot for the purpose of maintaining a safe sidewalk; and
- (3) City report in February on this matter and what kind of emergency repair can be done on this stretch of sidewalk to ensure public safety.

On further motion by Councillor Chow, the Toronto and East York Community Council deferred consideration of the communication (November 15, 2005) from Councillor Chow to its next meeting on January 17, 2006.

(Report 9, Clause 71(y))

At the conclusion of the meeting on November 15, 2005, the following motion was moved by Councillor Pantalone, and adopted on the following division of votes:

Yeas: Councillors Walker, Giambrone, Pantalone, Ootes, Fletcher, McConnell, Watson, Chow – 8:

“It is recommended that the Toronto and East York Community Council continue its meeting on November 16, 2005 beginning at 9.30 a.m. and request the City Clerk to ensure that a meeting room is available and members of the Committee are so advised.”

The Committee was advised that in accordance with the Committee's direction at the first day of its meeting on November 15, 2005, the time for speakers to present would

continue to be reduced to three minutes. Councillor Walker advised the Chair that he proposed to move that the speaking time be increased to five minutes. The Chair ruled that although it required a good reason to reduce the speaking time and because the speaking time was reduced by the Committee when it began consideration of this item on November 15, 2005 because the Committee would lose quorum at a certain hour, in the interests of treating everybody in a fair and equitable manner, the speaking time for members of the public to present their views in connection with this item would continue at three minutes.

The Chair allowed Councillor Walker to move the following motion, which lost:

“That the Committee, regardless that it decided to reduce the time for speakers presentations from five minutes to three minutes at the beginning of its meeting on November 15, 2005 with respect to item 15, it is recommended that the Committee now decide to provide speakers with five minutes to present.”

The Community Council adjourned its meeting at 4:20 p.m.
