- (i) (November 3, 2005) from the City Clerk, advising that City Council on October 26, 27, 28 and 31, 2005, referred the following Motion to the Policy and Finance Committee:

Moved by Councillor Del Grande, seconded by Councillor Thompson

“WHEREAS, in 2002, the Toronto Police Service identified traffic safety as a Service Priority and responded by implementing the Traffic Enforcement Safety Team (TEST) pilot project; and

WHEREAS on April 1, 2003, to build on the success of the TEST initiative, the STEM team was created and a dedicated traffic enforcement unit of 11 officers was assigned; and

WHEREAS statistics presented to the Toronto Police Services Board on May 27, 2004, show that, during the first year after activation of the STEM team, fatal accidents fell by 26 percent - leading the Toronto Police Service to conclude that, ‘...enforcement programs, including initiatives such as STEM, have had a positive impact with respect to reducing the number of collisions involving traffic deaths...’; and

WHEREAS a lack of respect for traffic regulations on our residential streets continues to be among the most frequently fielded constituent calls in Scarborough and many residents feel that the only effective means to bring compliance with these regulations is through consistent, yet irregular enforcement; and

WHEREAS 42 Division currently has – on average – a maximum of three (3) Traffic Enforcement Officers active during each shift to patrol an area larger (geographically) than the City of Ottawa, resulting in delayed responses to public and Councillor requests for enforcement and minimal enforcement when it can be provided; and

WHEREAS the STEM team has proven that dedicated Traffic Enforcement Officers can greatly enhance public safety, can be revenue-neutral (or better) and improve the public’s faith that City Hall responds to their concerns;

NOW THEREFORE BE IT RESOLVED THAT City Council request that the Toronto Police Services Board consider expanding the STEM team to include eleven (11) additional officers to be assigned permanently to the East District and, should they agree to this expansion, Council request that the Board direct the Toronto Police Service to adjust their 2006 budget submission accordingly.”
