4. Safety of Level Pedestrian-Railway Crossings

(10 minutes)

Communication (October 29, 2007) from Roger Brook, forwarding a motion requesting Transportation Services staff to study the safety of level pedestrian-railway crossings and report back to the Toronto Pedestrian Committee on the findings in three months; in particular interest would be the safety record of current pedestrian only level crossings in Toronto as well as the safety record of level crossings across Canada, with respect to pedestrians and cyclists. It should also specify whenever possible whether the deaths or accidents were caused by accident or suicide and whether safety features were present, such as crossing arms extending across the sidewalk.

5. Working Groups

(15 minutes)

Update on the Working Groups by Dylan Reid, Co-Chair.

The following working groups were active during part of all of the Toronto Pedestrian Committee's (TPC) previous term (2004-2007):

- Urban Design and Pedestrian Environment;
- Safety;
- Walking Promotion; and
- Clean Air.

The TPC could also form new working groups, which could include, for example:

- Walking Strategy; and
- Budget
