**Presentations:**

**1. Front Street Reconfiguration Environmental Assessment Study**

Presentation by Uwe Mader, Project Manager, Transportation Services, Transportation Infrastructure Management Services, Infrastructure, Planning.

Purpose: The re-configuration of Front Street West from Bay Street to York Street that best addresses the planning, operational and urban design objectives as envisioned in the Union Station District Plan including creating a monumental civic pedestrian realm from building face to building face. In addition, GO Transit is expanding its commuter rail service, effectively doubling passenger service to Union Station in the next 10-15 years. The study will look at means to accommodate the additional pedestrian traffic that will cross Front Street.

Primary Study Location: Front Street West between York Street and Bay Street including the intersection at York Street and Front Street and the intersection at Bay street and Front street.

**2. Streetscape Manual**

Presentation by Allison Reid, Urban Designer, City Planning.
