Enacted by Council: July 29, 1999

CITY OF TORONTO

BY-LAW No. 528-1999

To regulate traffic on certain highways during periods of emergency occasioned by the fall of snow.

The Council of the City of Toronto HEREBY ENACTS as follows:

- 1.** Despite any By-law of the City of Toronto, no person shall park or stand a vehicle on any highway set out in Column 1 of Schedule “A” to this By-law between the limits set out in Column 2 of the said schedule during the period of an emergency condition hereinafter referred to, where signs have been erected thereon.
- 2.** Despite any By-law of the City of Toronto, no person shall park or stand a vehicle on a street car track on any highway set out in Column 1 of Schedule “B” to this By-law between the limits set out in Column 2 of the said schedule during the period of an emergency condition hereinafter referred to, where signs have been erected thereon.
- 3.** The Mayor may declare that an emergency condition exists on any highway or portion of highway set out in Schedule “A” and Schedule “B” to this By-law when the following conditions exist:

 - (a) when at the time of the declaration of the emergency condition, at least 5 centimetres of snow have fallen, as determined by the General Manager of Transportation Services of the Works and Emergency Services Department of the City of Toronto (hereinafter referred to as the “General Manager”), on any portion of any given highway set out in Schedule “A” or Schedule “B” to this By-law;
 - (b) in the opinion of the General Manager, the snow is required to be removed to allow for the proper movement of vehicles; and
 - (c) in the opinion of the General Manager, the clearing of snow from any given highway or portion of highway set out in Schedule “A” or Schedule “B” is impeded by traffic and parking on the highway or portion of highway.
- 4.** The declaration of an emergency condition shall create an emergency for a period of 72 hours which may be sooner terminated in accordance with Section 6 of this By-law.
- 5.** The declaration of the emergency condition as provided for in Section 4 can be extended by the Mayor for any further period of time required for clearing and/or removal of snow from the highway.

6. The emergency condition on the highway or portion of highway set out in Schedule “A” or in Schedule “B” to this By-law shall be deemed to be terminated on that highway or portion of highway once the snow has been cleared and removed from that highway or portion of highway and the General Manager has informed the public that the snow emergency for that highway or portion thereof no longer exists. Immediately thereafter any and all prevailing parking regulations shall resume effect on that highway or portion of highway.

7. The Mayor and General Manager are authorized and directed to use whatever means he or she may deem advisable to inform the general public of the existence or termination of a period of emergency.

8. Any person who contravenes any provision of this By-law is guilty of an offence.

9. Specific penalties

(1) Voluntary payment. Despite section 8, any person may, upon presentation of a parking infraction notice issued by a police officer, police cadet, municipal law enforcement officer, parking enforcement officer, constable or an officer appointed for the carrying out of the provisions of the Highway Traffic Act, alleging the commission of any of the offences under this By-law corresponding to the section set out in the first column of the following schedule, pay out of court, within seven (7) days from the date of issuance of the notice, the penalty set out in the third column of the following schedule opposite the section containing the offence, and upon the payment, no further proceedings shall be taken under this By-law in respect of the offence alleged in the parking infraction notice.
