**§ 950-601. Municipal Parking Facilities.**

- A. For the purpose of controlling and regulating parking in or on carparks and to measure and record the time during which a vehicle has been parked and the amount of fee to be collected for parking, the erection, maintenance and operation of parking meters or parking machines and the stationing of attendants in or on those carparks set out in Schedule III to § 950-1002, and the designation of parking spaces in connection with that parking, are authorized.
- B. The Parking Authority is authorized to erect parking meters or parking machines and/or station attendants in or on any carpark and erect those gates, attendant shelters, signs and markers or other devices as may be necessary for the safe and efficient operation of the carpark.
- C. Where attendants are stationed or where parking meters, parking machines or other parking devices have been installed under the authority of this section:
  - (1) If parallel parking is permitted, no person shall park a vehicle in a parking space unless the front wheels of the vehicle are opposite to the parking meter provided for the space, except that, in any case when two (2) meters are mounted on the same standard, the rear of the forward vehicle shall be opposite to or as close as is practicable to the forward parking meter, and the front of the rear vehicle shall be opposite to or as close as practicable to the rear meter.
  - (2) If angle parking is permitted, no person shall park a vehicle in a parking space unless the front of the vehicle is as close as is practicable to the parking meter provided for the space.
  - (3) If a parking space has been designated by lines painted on the surface of the carpark, no person shall park any vehicle in a manner that it is not wholly within the area designated as a parking space unless the vehicle is of a length which renders it impossible to park in one (1) parking space, in which case the adjoining parking space shall, in addition, be used, and the necessary fees shall be paid for both parking spaces used, or where parking meters or parking machines have been installed, the necessary payment shall be made as required for the parking machine or the parking meters provided for both parking spaces used.
- D. The Parking Authority shall prescribe the fee for the parking of a vehicle and the use of parking meters or parking machines in or on any carpark, and the driver of every vehicle parked in any space in or on any carpark shall pay the fee so prescribed.
- E. The amount of the fee for parking shall be displayed in a conspicuous place in or on each carpark by means of a sign or signs of a design which is not misleading.

- F. (1) Where parking meters have been erected in a carpark under the authority of § 950-601A, no person shall park any vehicle in a parking space in or on a carpark where parking meters are installed at any time unless the meter controlling the parking space is used and the fee paid in accordance with the rate as prescribed by the Parking Authority under § 950-601D, and unless the meter is set in operation in accordance with the instructions attached to it.
- (2) The fee stipulated for a given period in a parking space shall be paid for that period or any portion of it, and the period shall be measured by the parking meter controlling the space.
- (3) Nothing in this subsection shall prevent a person parking a vehicle in a parking space from using the unexpired time remaining on a parking meter from its previous use without depositing a further payment in the parking meter.
- G. (1) Where parking machines have been erected in a carpark under the authority of § 950-601A, the permitted period for parking shall be measured by the parking machine, and no person shall park any vehicle in or on any carpark where a parking machine is in operation at any time unless the parking machine controlling the carpark is used and a fee deposited in accordance with the rate as prescribed by the Parking Authority under § 950-601D and the machine is activated, or at any time not within the permitted period, but this subsection shall not apply to a portion of any carpark where the parking of vehicles on the portion is regulated and controlled by parking meters.
- (2) No person shall park any vehicle in or on a carpark unless the card issued by the parking machine is placed inside the windshield of the vehicle in a position that the writing and markings on it face outward and can be easily seen from outside the vehicle.
- H. At attendant-operated carparks, the attendant at the carpark shall, at the time of receiving each motor vehicle, give or cause to be given to the person from whom the vehicle is received a numbered receipt bearing, on the same side as the number, a clear statement of the extent of the responsibility accepted by the Parking Authority with respect to loss or damage to the motor vehicle and the contents of it while parked, stored or otherwise in the care of the Parking Authority or any of its employees.
- I. No person shall deposit or cause to be deposited in any parking meter or parking machine any slug, device or other substitute for a coin of Canada or of the United States of America.
- J. No person shall deface, injure, tamper with, open or wilfully break, destroy or impair the usefulness of any parking meter, parking machine or other parking device erected under the authority of this article.
- K. No person driving or in charge of a motor vehicle shall allow the motor vehicle to stand unattended in or on any carpark unless it is locked in a manner as to prevent its operation by any person not authorized by the owner, driver or person in charge of the motor vehicle.

- L. No person driving or in charge of a motor vehicle shall leave any purse, parcel, case or other property in a motor vehicle standing unattended in or on a carpark unless the doors of the motor vehicle are locked in a manner as to prevent access to the inside of the vehicle.
- M. No person shall use any carpark:
- (1) For the purpose of parking a vehicle while repairs are being made to the vehicle unless the repairs are of an emergency nature and are required to be made so that the vehicle can be moved from the carpark; or
  - (2) For any purpose other than parking purposes unless permission to do so is granted by the Parking Authority.
- N. No person shall park or leave any vehicle in or on any part of a carpark contrary to this article, where one (1) or more signs has been erected prohibiting the parking or leaving, or stating the conditions on which a motor vehicle may be parked or left.

**§ 950-602. Removal of Vehicles.**

Where any person who has parked or left a vehicle contrary to § 950-601N, the following shall apply:

- A. Subject to § 950-602D, a police officer, police cadet or municipal law enforcement officer, upon discovery of a vehicle parked or left contrary to § 950-601N, may cause it to be moved or taken to and placed or stored in a suitable place, and all costs and charges for the removal, care and storage of it are a lien upon the vehicle which may be enforced in the manner provided by the *Repair and Storage Liens Act*.
- B. In addition to § 950-602A, but subject to § 950-602D, where signs have been posted as required by § 950-601N, any motor vehicle parked or left contrary to that prohibition shall be deemed to have been parked or left without the consent of the Parking Authority or the City, and the vehicle may be removed from the property or impounded, or both, and the owner of that vehicle shall be responsible for the expenses incurred by the Parking Authority for both the removal and impounding of the vehicle.
- C. Any lien upon a vehicle removed under § 950-602A or any charges for the expense of removing and impounding a vehicle parked or left in contravention of § 950-601N and removed and impounded under § 950-602A may be enforced by the person or persons who have care and control of the vehicle after the vehicle has been removed and impounded.
- D. No vehicle parked or left in contravention of § 950-601N shall be removed or impounded unless the Parking Authority:

- (1) Requests a police officer or police cadet or municipal law enforcement officer acting under the supervision of a police officer or police cadet to supervise the removal and impounding of the vehicle; or
- (2) Requests a municipal law enforcement officer not acting under the supervision of a police officer or police cadet to remove or cause to remove, or impound the vehicle, or both, in which case the Parking Authority shall ensure that:
  - (a) That the person is a certified officer (parking offences) for the purposes of enforcing by-laws respecting parking on municipal property.
  - (b) The carpark that the vehicle is parked or left on has been inspected and approved by the Chief with satisfactory information furnished to satisfy the Chief that:
    - (i) The boundaries of the carpark are clearly defined;
    - (ii) Signs with dimensions, contents and in sufficient locations as approved by the Chief are posted on the carpark;
    - (iii) There are no signs on the carpark that refer to the tagging and towing of vehicles except signs that have been approved by the Chief;
    - (iv) All signs posted on the carpark that refer to the towing of vehicles will be removed if the Chief's approval of the carpark is cancelled;
    - (v) Any reference to a municipal by-law in a sign posted on the carpark is a reference to a by-law currently in force;
    - (vi) The Toronto Police Service has current information on file as to the licensed tow operator contracted to provide services to the carpark and the public garage where vehicles removed from the carpark will be stored;
    - (vii) The owner of any vehicle removed from the carpark will have twenty-four-hour access to information as to where the removed vehicle is stored; and
    - (viii) The owner of any vehicle removed from the property will be entitled to a Toronto Police Service review of actions taken to remove the vehicle from the carpark;
  - (c) A parking infraction notice is issued and served at the time of the alleged parking infraction in accordance with Part II of the *Provincial Offences Act*;
  - (d) A waiting period of 30 minutes has expired; and
  - (e) The municipal law enforcement officer who issued the parking infraction notice issues a Toronto Police Service tow card in respect of the vehicle at the time of the removal.

**§ 950-603. Offences.**

- A. (1) Any person who contravenes any provision of this article is guilty of an offence and upon conviction, is liable to a fine or penalty as provided for in the *Provincial Offences Act*.
- (2) The owner of a vehicle may be charged with and convicted of a parking offence under this article for which the driver of the vehicle is subject to be charged unless, at the time of the offence, the vehicle was in the possession of some person other than the owner without the owner's consent.
- (3) Despite any other provisions of this article, any person may, upon presentation of a parking infraction notice issued by a police officer, police cadet or municipal law enforcement officer alleging the commission of an offence under this article, pay out of court, within seven (7) days from the date of issuance of the notice, \$20.00, and upon receipt of the payment, no further proceedings shall be taken under this article in respect of the offence alleged in the parking infraction notice. After seven (7) days and before fifteen (15) days from the date of issuance of that notice, \$30.00 may be paid out of court, and upon receipt of the payment, no further proceedings shall be taken under this article in respect of the offence alleged in the parking infraction notice.
- (4) Despite § 950-603A(3) of this section, any person, upon receipt of a Notice of Impending Summons alleging the commission of an offence under § 950-601O and advising of possible proceedings under Part III of the *Provincial Offences Act*, may pay out of court, within seven (7) days from the date of receipt of the Notice of Impending Summons, \$20.00, and upon receipt of the payment, no further proceedings shall be taken under this article in respect of the offence alleged in the Notice of Impending Summons. After seven (7) days and before fifteen (15) days from the date of receipt of that Notice of Impending Summons, \$30.00 may be paid out of court, and upon the payment no further proceedings shall be taken under this article in respect of the offence alleged in the Notice of Impending Summons.
- (5) A Notice of Impending Summons delivered by mail shall, unless the contrary is shown, be deemed to have been received on the seventh day following the day on which it is mailed.
- (6) A Notice of Impending Summons shall not be issued if a parking infraction notice has been issued pursuant to Part II of the *Provincial Offences Act* in respect of the alleged offence.
