

Authority: Parks and Environment Committee Item 12.4, adopted as amended,  
by City of Toronto Council on January 29 and 30, 2008  
Enacted by Council: January 30, 2008

**CITY OF TORONTO**

**BY-LAW No. 119-2008**

**To provide for an integrated pest management system to control gypsy moth infestation.**

WHEREAS the presence of gypsy moth populations in certain areas of the City has reached outbreak levels; and

WHEREAS in the interest of preserving the environmental well-being of the City it is necessary to implement control measures in order to prevent further tree loss and defoliation and to preserve the tree canopy;

The Council of the City of Toronto HEREBY ENACTS as follows:

1. The General Manager, Parks Forestry and Recreation is authorized to implement a ground based and aerial spray program using the biological control agent *Bacillus thuringiensis* subspecies *kurstaki* (Btk) in the high risk areas identified as proposed aerial spray areas on the maps attached as Schedule A to this by-law.
2. The General Manager, Parks Forestry and Recreation is authorized to implement appropriate control measures including ground based and aerial spraying and mechanical egg mass removal in those areas identified on the maps attached as Schedule A to this by-law.

ENACTED AND PASSED this 30th day of January, A.D. 2008.

SANDRA BUSSIN,  
Speaker

ULLI S. WATKISS  
City Clerk
