Whereas Council has authorized regulations that require the installation and display of information notices on properties in the City where and while the infill housing project is being carried out for the purpose of providing the public with clear and accessible information regarding residential infill housing projects, the means by which to obtain more detailed information about the projects, and contact information for builders of the projects so that the

public may easily and directly address any complaints or concerns regarding the manner in which the projects are being carried out to the entity responsible; and

Whereas the required information notices will also inform the public about City approvals and the location where further information concerning other City operations, including enforcement activities respecting the project, in order to increase the City's transparency with respect to these operations and to assist the public in holding the City accountable with respect to its operations concerning the project; and
