### Affordable Housing Funding Allocations for 2007-2008

(May 31, 2007) report from the Deputy City Manager Sue Corke

#### Committee Recommendations

The Affordable Housing Committee recommended to the Executive Committee and City Council that:

1. Federal Housing Trust Fund-Provincial Delivering Opportunities for Ontario Renters Initiative (DOOR) funds received by the City of Toronto of twenty six million, six hundred and ninety thousand dollars (\$26,690,000) be contributed to the City's Capital Revolving Fund for Affordable Housing (CRF) for the development of new affordable housing and be allocated as outlined in Table 2, Appendix 1;
2. Council grant authority to allocate existing funding from the CRF as follows:
  - a. YWCA of Greater Toronto, 110 Edward Street:
    - i. authority to loan two million dollars (\$2,000,000) from the City's CRF to YWCA of Greater Toronto for the installation of a geothermal/in-slab radiant heating and cooling system in the Affordable Housing Development at the City-owned site of 110 Edward Street, to be principal and interest free for the first five years at which time the terms and conditions are to be renegotiated pending the securing of alternative financing;
    - ii. authority be granted to enter into a Contribution Agreement with YWCA for the funds on terms and conditions satisfactory to the Director of Development, Affordable Housing Office (the Director) and in a form approved by the City Solicitor;
    - iii. the Director be authorized and directed, on behalf of the City, to execute such agreement, on terms and conditions satisfactory to the Director in a form approved by the City Solicitor;
  - b. *Houses Opening Today Toronto* (HOTT), 30 Darrell Avenue:
    - i. authority be granted to fund *Houses Opening Today Toronto* ("HOTT") in an amount up to nine hundred and fifty three thousand, (\$953,000) by way of loan and grant from the CRF, the final amount and terms to be determined by the Director;

- ii. authority be granted to enter into an agreement to amend the City's Loan and Grant Agreement with HOTT ("the "Amending Agreement") and any other documents deemed necessary to give effect thereto. The Amending Agreement is to set out the terms and conditions of the City's assistance, including the ability to ensure that a viable, long-term operating and management plan is in effect; on such terms and conditions as determined by the Director and in a form approved by the City Solicitor;
  - iii. the Director be authorized and directed, on behalf of the City, to execute all agreements and documents set out in the above recommendations, on terms and conditions satisfactory to the Director in a form approved by the City Solicitor;
3. Council commit the expenditure of reallocated funds from the Canada-Ontario Affordable Housing Program (AHP) funds, subject to confirmation of funding and a report back to Council on the complete details of each project, to:
  - (a) 87 units in a new development in Regent Park by the Christian Resource Centre;
  - (b) the redevelopment of Chester Village , 717 Broadview Ave , as affordable housing

and further that the Deputy City Manager responsible for the Affordable Housing Office to write to the Community Partnerships and Projects Branch - Toronto Unit of the Ministry of Municipal Affairs and Housing informing them of Toronto 's request for additional funding to address the commitments outlined in this recommendation.

## Summary

This report details new funding received, or expected to be received shortly, by the Affordable Housing Office and recommends allocations to a number of affordable housing projects to facilitate the spending of these new Federal and Provincial funds. The report outlines the three new sources of capital funding and recommends projects that are ready to proceed and meet previously stated Council commitments or priorities. These funding recommendations are made in the context of an overall allocation plan for the new monies and existing City funding which totals \$58,890,000 as per Table 1 in Appendix 1.

This report also recommends the expenditure of existing Capital Revolving Fund for Affordable Housing (CRF) monies on two projects in order to enhance or complete projects which have already been approved by Council for other funding.

The total of all the above allocations is \$53,343,000.

## **Waterfront Affordable Housing – Funding Approval for TCHC North River Square/McCord Project, West Don Lands**

(May 31, 2007) report from the Deputy City Manager Sue Corke

### **Committee Recommendations**

The Affordable Housing Committee recommended to the Executive Committee and City Council that:

1. City Council approve a grant, by way of forgivable loan, to the Toronto Community Housing Corporation to develop its North River Square/McCord affordable housing project on Blocks 21 and 23 of the West Don Lands, in the amount of \$70,000 per unit or \$9.1 million for a maximum of 130 units from the Capital Revolving Fund (CRF), subject to Council approval of the transfer of the Federal Housing Trust Fund - Provincial Delivering Opportunities for Ontario Renters (DOOR) Initiative to the Capital Revolving Fund;
2. City Council exempt the project from taxation for municipal and school purposes for the term of the Contribution Agreement or 25 years, whichever is less;
3. City Council exempt the project from payment of development charges and designate the project as social housing accommodation allowing all or part of the project relief from normal parking standards;
4. authority be granted for the City to enter into a municipal capital facility agreement and such other agreements and documents deemed necessary, with Toronto Community Housing Corporation on terms and conditions satisfactory to the Director of Development, Affordable Housing Office and in a form approved by the City Solicitor; and
5. the Director of Development, Affordable Housing Office be authorized and directed, on behalf of the City to execute the municipal capital facility agreement and such other agreements and documents as are necessary, with Toronto Community Housing Corporation.

### **Financial Impact**

The preliminary estimated cost for the TCHC North River Square/McCord project, both affordable and market ownership units, is approximately \$42.5 million to \$44.8 million depending on the level of energy and other environmental features incorporated into the final design of the project. TCHC will use the revenue in excess of costs from the sale of the market ownership units to offset equity requirements for the affordable housing development. The land for the North River Square/McCord project will be conveyed by the province for a nominal amount to the Toronto Community Housing Corporation.

The \$9.1 million capital funding recommended in this report will be provided under the Federal Housing Trust Fund – Provincial Delivering Opportunities for Ontario Renters (DOOR) Initiative. The Funds were conveyed to the Province by the Federal government for the development of affordable housing. The \$9.1 million allocation includes \$150,000 for Project Development Funding (PDF).

The combination of Federal, Provincial and City contributions will make the North River Square project affordable. City contributions include waivers for municipal property taxes, development charges, and planning, building and parkland dedication fees in the amount of approximately \$2,942,595. The current net present value of the City's municipal property tax exemption, given to support the operation of the affordable housing project, is approximately \$1,582,471.

Government Assistance: Capital	Amount
CRF - Federal Housing Trust Fund – Provincial Delivering Opportunities for Ontario Renters (DOOR) Initiative	\$9,100,000
Waived municipal development charges and fees (planning, building, parkland dedication)	\$1,360,124
<b>Total</b>	<b>\$10,460,124</b>

Government Assistance: Operating	Amount
Approximate NPV of 25-year property tax exemption	\$1,582,471

TCHC's equity contribution and financing must also be obtained and will be subject to TCHC Board approval.

The detailed budget implications for the current year will be reported to Budget Committee in September, 2007 and any future year budget implications associated with this project will be reported and included in future year program budgets as development proceeds.

There is no financial impact on the City's budget for the capital funding provision. The Deputy City Manager and Chief Financial Officer have reviewed this report and agree with the financial impact information.

## Summary

This report recommends Council approval to make a \$9.1 million grant, by way of forgivable loan, to Toronto Community Housing Corporation (TCHC) for its North River Square project, also known as the McCord site, on Blocks 21 and 23 in the West Don Lands (WDL). The grant will help create 130 affordable rental housing units under the Federal Housing Trust Fund – Provincial Delivering Opportunities for Ontario Renters (DOOR) Initiative.

The land for this development will be provided by the province, at no cost to Toronto Community Housing Corporation; however, additional financial assistance at \$70,000 per unit is required to make the development of 130 affordable housing units possible.

City contributions include waivers for municipal property taxes, development charges, and planning, building and parkland dedication fees in the amount of approximately \$2,942,595.

In addition to the 130 affordable rental housing units, the TCHC is also developing approximately 33 market ownership units in the North River Square/McCord project. Providing families and individuals with access to safe, secure affordable housing in mixed income communities meets key policy objectives of the City of Toronto, the Federal and Provincial governments, the Toronto Waterfront Revitalization Corporation and the TCHC.

### Affordable Housing – Lease of City-Owned Site and Incentives to TCHC for 60 Richmond Street East

(May 31, 2007) report from the Deputy City Manager Sue Corke

#### Committee Recommendations

The Affordable Housing Committee recommended to the Executive Committee and City Council that:

1. Council grant authority to enter into a 50-year less a day lease with TCHC for the city-owned property at 60 Richmond Street East for the purpose of developing an affordable housing project and any ancillary uses at a nominal rent, substantially on the terms and conditions outlined in Appendix 1 to this report and in a form acceptable to the City Solicitor;
2. the City Solicitor be authorized to complete the lease transaction for 60 Richmond Street East on behalf of the City, including payment of necessary expenses and amending the commencement date of the lease and any other dates to such earlier or later date and on such terms and conditions as she may from time to time consider reasonable;
3. the Chief Corporate Officer be authorized to administer and manage the lease including the provision of any consents, approvals, waiver notices and notices of termination provided that the Chief Corporate Officer may, at any time, refer consideration of such matters (including their content) to City Council for its determination and direction;
4. Council grant authority to exempt the Property from taxation for municipal and school purposes for twenty-five years, the term of the municipal capital facility agreement;

5. Council grant authority to exempt the Property from payment of development charges and applicable planning fees and charges;
6. Council grant authority to provide one hundred and fifty thousand dollars (\$150,000) as pre-development funding to assist with the cost of environmental sustainability and design consultants from the Mayor's Homelessness Initiative Reserve Fund on such terms and conditions satisfactory to the Director of Development, Affordable Housing Office and in a form approved by the City Solicitor;
7. Council grant authority to designate the Property as social housing accommodation, allowing all or part of the project relief from normal parking standards, where applicable;
8. Council grant authority to enter into a municipal capital facility agreement and such other agreements, licences, security, documents, with the recommended proponent to provide for the development and operation of affordable housing, on such terms and conditions as the Director of Development, Affordable Housing Office considers appropriate and in a form approved by the City Solicitor; and
9. the Director of Development, Affordable Housing Office be authorized and directed, on behalf of the City, to execute the municipal capital facility agreement and such other agreements and documents deemed necessary, on terms and conditions satisfactory to the Director of Development, Affordable Housing Office and in a form approved by the City Solicitor.

### **Financial Impact**

The public benefit resulting from the proposed leasing of the city-owned site at 60 Richmond Street East to TCHC at a nominal rate is the creation of 85 new units of affordable housing. These new units will allow the redevelopment of Regent Park to proceed by providing relocation units for existing Regent Park tenants. The Property is currently being used for a shelter funded by the city. In April 2007, Real Estate Services appraised the Property at an estimated value of \$3,250,000.

This report is recommending the exemption of property taxes for twenty-five years which is equivalent to an NPV of \$1,030,354. The proposed waiver of development charges and applicable municipal fees is estimated at \$665,043. Pre-development funds of \$150,000 are recommended for environmental sustainability and design consultants from the Mayor's Homelessness Initiative Reserve Fund. These funds are part of the unallocated monies of \$900,000 committed in the Mayor's Fund for pre-development work of housing projects on city-owned lands.

TCHC has been approved by the Ministry of Municipal Affairs and Housing under the Affordable Housing Program Pilot Program for \$29,000 per unit in forgivable loan funds for 59 units. The remaining monies necessary to develop the project will be provided by TCHC through equity and financing as listed below.

Capital Funding	
Canada-Ontario AHP Pilot Program Funding	\$1,711,000
Waived development charges and fees	\$ 665,043
Value of City Land	\$3,250,000
Pre-development funds from Mayor's Fund	\$ 150,000
TCHC equity and financing	\$18,007,230
Total funding	\$23,783,273

Other City Contributions	
25 year NPV of Property Tax Exemption	\$1,030,354

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

### Summary

This report seeks authority to enter into a 50-year less a day lease with the Toronto Community Housing Corporation ("TCHC") for the city-owned site at 60 Richmond Street East ("the Property"). Council at its meeting of January 31, February 1 and 2, 2006 approved the Property be made available to TCHC for affordable housing development. The Affordable Housing Office and Facilities and Real Estate have completed negotiations with TCHC and recommend a lease substantially on the terms and conditions listed in Appendix 1 attached to this report. By entering into this lease with the City, TCHC will be able to proceed to build an affordable housing development on the site. The site will house 85 households, primarily families relocating from Regent Park, which is being revitalized.

This report also recommends that Council authorize the exemption of property taxes for a period of twenty-five years, the waiving of applicable municipal fees and charges, and the granting of \$150,000 in pre-development funding.

## Affordable Housing Office – Railway Lands Development

(May 30, 2007) report from the Deputy City Manager Sue Corke

### Committee Recommendations

The Affordable Housing Committee recommended to the Executive Committee and City Council that authority be granted to fund the Toronto Community Housing Corporation (TCHC) for development of affordable housing on the Railway Lands Blocks 32 and 36 in an amount of twenty one million ninety thousand, (\$21,090,000) as a grant by way of forgivable loan from the CRF, being made up of approximately \$17.09 million from the Federal Housing Trust Fund-Provincial Delivering Opportunities for Ontario Renters Initiative (DOOR) funds and \$4 million previously committed from the City's Capital Revolving Fund for Affordable Housing (CRF) subject to:

1. *facilitating the timely development of affordable housing and other public benefits on the city owned properties on the Railway Land, and that the Deputy City Manager responsible for Affordable Housing be requested to work with Toronto Community Housing Corporation officials and submit a report directly to the Toronto City Council for its meeting on July 16, 2007 on the details of negotiations to ensure the timely transfer of the lands identified as Blocks 32, 36, 31, 18A and 18B, and the funding terms and conditions between the City and the Toronto Community Housing Corporation; and*
2. Council approval of the transfer of the DOOR funds to the CRF.

### Financial Impact

This report recommends that funding for the Railway Lands in the amount of \$21,090,000 be committed to TCHC for the development of the Railway Lands as described in this report. The \$21,090,000 is made up of approximately \$17.09 million DOOR funds and \$4 million previously committed from the CRF. A separate report titled "Affordable Housing Funding Allocations for 2007-2008" dated May 31, 2007 describes the use of these funds.

An implementation report outlining all the financial implications will be submitted to the Affordable Housing Committee in the fall of 2007.

The detailed budget implications for the current year will be reported to Budget Committee in September 2007, and any future year budget implications associated with funding the Railway Lands as detailed in this report will be reported and included in future year program budgets as developments proceeds.

## Summary

This report is in response to a request from Affordable Housing Office to report back on the steps required to proceed with the funding and development of affordable housing on Blocks 32 and 36 of the Railway Lands and is linked to the report dated May 31, 2007 titled “Affordable Housing Funding Allocations for 2007-2008”.

It describes outstanding issues, the action being taken to proceed with the Railway Lands affordable housing development and recommends the commitment of funds to the Toronto Community Housing Corporation (TCHC) to develop Blocks 32 and 36. The source of funds is the Federal Housing Trust Fund-Provincial Delivering Opportunities for Ontario Renters Initiative (DOOR) funds, and the City’s Capital Revolving Fund for Affordable Housing (CRF).

## Habitat for Humanity Request for Fee Forgiveness – 4200 Kingston Road

(May 31, 2007) report from the Deputy City Manager Sue Corke

## Committee Recommendations

The Affordable Housing Committee recommended to the Executive Committee and City Council that:

1. City Council recognize the development of 4200 Kingston Road by Habitat for Humanity as an affordable home ownership initiative within the City of Toronto;
2. authority be granted at this site for a one-time grant of \$131,364.48 from the city’s Capital Revolving Fund equivalent to the building permit fees; development charges and park levy;
3. the Deputy City Manager, in consultation with the Chief Building Official and the Chief Financial Officer, report to Executive Committee on a policy as it relates to the waiver of fees and charges to non-profit home ownership initiatives and the legislative authority to support such policies; and
4. City officials take whatever action is necessary to give effect to these recommendations.

## Financial Impact

The request by Habitat for Humanity for fee waivers and charges will require a refund of these fees as they were previously paid to the city by the former owner of 4200 Kingston Road. As such, these fees refunds and grant are unbudgeted operating expenditures in 2007 to be drawn from the city's Capital Revolving fund for housing. There is currently \$9Million of uncommitted funds in the Capital Revolving Fund available for investment in affordable housing projects. It is understood that this will be a one-time grant and that staff will develop a policy on the waiver of fees and charges to non-profit homeownership initiatives for the future.

Fee Waiver Recommended	Amount of Waiver	Source
Building Permit Fees	\$32,469.95	Capital Revolving Fund
Development Charges	\$67,336.00	Capital Revolving Fund
Park Levy	\$31,559.13	Capital Revolving Fund

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

## Summary

This report responds to a request from Habitat for Humanity Toronto for a rebate on certain city fees associated with the development of 19 town homes at 4200 Kingston Road. This report recommends the city provide a grant of \$131,364.48 from the Capital Revolving Fund for Affordable Housing to Habitat for Humanity, which is an amount equivalent to the development charge, parks levy and building development fees paid for this site. The grant to be applied against the cost to develop the site and deliver affordable homes to nineteen low-income families and will be used directly to reduce their mortgages.

Habitat for Humanity Toronto has for many years successfully assisted low-income residents to move from poverty housing into affordable home ownership. On a case by case basis, the City of Toronto has previously waived certain fees and charges to help increase the affordability of Habitat developments.

This report proposes that city officials liaise with Habitat on an ongoing basis to determine the expected annual number of new homes and an estimated impact of future fee and charges waivers. It is also proposed that staff report to Executive Committee on a policy as it relates to the waiver of fees and charges for future non-profit home ownership initiatives and the legislative authority to support such policies.

## Lawrence Heights Revitalization – Initiate Preliminary Planning

(May 31, 2007) report from the Deputy City Managers, Cluster A and B

### Committee Recommendations

The Affordable Housing Committee recommended to the Executive Committee and City Council that:

1. the Chief Planner be authorized to begin the development of a Vision and Planning Framework for the revitalization of Lawrence Heights at a cost of \$500,000 and funded from the Capital Revolving Fund (CRF), subject to Council approval of the transfer of the Federal Housing Trust Fund - Provincial Delivering Opportunities for Ontario Renters (DOOR) Initiative to the Capital Revolving Fund;
2. the Deputy City Managers report back to the Affordable Housing Committee in six months on the progress of the revitalization planning including the resources required and the progress in securing additional funding to support this initiative;
3. *the Deputy City Manager's report to the Affordable Housing Committee in six months include a comprehensive program for consolidating all City land holdings under the direction of the Steering Committee including a protocol for dealing with the lands held by the school boards and other orders of government, including the Toronto Transit Commission;*
4. *as a first order of business, staff work toward securing formal agreements with the school boards, CMHC, provincial and federal ministries and their agencies for a mechanism to facilitate quick decisions on land issues and other intergovernmental matters and report progress on this in the Deputy City Manager's report;*
5. *a copy of this report be forwarded to all stakeholders with a formal request that it be placed on the agenda of their governing body for information including, but not limited to, the following:*
  - a. *Toronto District School Board;*
  - b. *Toronto Catholic District School Board;*
  - c. *Toronto Transit Commission;*
  - d. *Central Mortgage and Housing Corporation;*
  - e. *Toronto Hydro;*
  - f. *Baycrest Centre;*
  - g. *Jewish Board of Education;*
  - h. *Italian Canadian Benevolent Corporation (ICBC);*
  - i. *United Way;*
  - j. *Lawrence Heights Community Health Centre;*
  - k. *Lawrence Gardens Co-op;*

- l*     *Wilmont 8 Co-op;*
- m.*    *North York Community House;*
- n.*     *Toronto Community Housing Corporation;*
- o.*     *Toronto Economic Development Corporation (TEDCO);*
- p.*     *York University;*
- q.*     *Downsview Park;*
- r.*     *ShareLife;*
- s.*     *United Jewish Welfare Fund;*
- t.*     *Jewish Family and Child Services; and*
- u.*     *COSTI Immigrant Services.*

## **Financial Impact**

The work to initiate developing a vision and Planning Framework for the revitalization of Lawrence Heights, costs of \$500,000, is recommended to be funded from the Capital Revolving Fund subject to Council approval of the transfer of the Federal Housing Trust Fund - Provincial Delivering Opportunities for Ontario Renters (DOOR) Initiative to the Capital Revolving Fund.

These funds will be used in City Planning to fund some of the staff required and contribute to the preliminary planning work associated with the revitalization. The detailed budget implications for the current year will be reported to Budget Committee in September, 2007 and any future year budget implications associated with this project will be reported and included in future year program budgets as development proceeds.

The Deputy City Manager and Chief Financial Officer have reviewed this report and agree with the financial impact information

## **Summary**

This report outlines the opportunities the Lawrence Heights neighbourhood revitalization presents, and the corresponding need for a corporate structure to support this initiative and coordinate associated stakeholder partnerships. This potentially presents the City with an opportunity to develop a comprehensive and integrated approach to the Lawrence Heights neighbourhood revitalization that will incorporate social, physical, economic, environmental, health-related and community-based supports into a planning framework that will ultimately strengthen the community.

A first step to beginning a City Building exercise of this complexity and scope is developing a Planning Vision and Framework. This report requests authorization for \$500,000 for City Planning to begin this work. These funds will be drawn from the \$26.69M Federal Housing Trust Fund – Provincial Delivering Opportunities for Ontario Renters (DOOR) Initiative and will have zero net impact on the City's budget.

The \$500,000 allows this work to begin but will not be sufficient to fully fund the first phase of activity. City staff will be working closely with Toronto Community Housing Corporation, community stakeholders, and neighbourhood residents to identify potential partnerships and additional resources for this unprecedented opportunity for neighbourhood revitalization.

### Waiving Water and Sewer Service Connection Costs for Affordable Housing Projects

(June 13, 2007) report from the General Manager, Toronto Water

#### Financial Impact

There are no financial impacts from adopting the recommendations of this report.

#### Summary

This report responds to a request by Council to report on the advisability and implications of adopting a permanent policy of exempting affordable housing projects from paying for the cost to construct water and sewer service connections. Presently, all properties that need new water or sewer connections to the existing municipal system are required to pay for the cost to construct these services. Toronto Water is recommending against adopting a permanent policy for waiving the costs associated with constructing new water and sewer connections on affordable housing projects. Waiving the obligation to pay for the construction of new services on affordable housing projects is an indirect form of subsidy as the cost for constructing these services will be borne either by other property owners that are paying for new service connections or by all other water and wastewater account holders.

Furthermore, diverting revenues that were collected on the premise of constructing, repairing or maintaining water and sewer infrastructure is contrary to the intent of the Sustainable Water and Sewage Systems Act, 2002 and the proposed Financial Plan Regulation under the Safe Drinking Water Act, 2002.

#### Background Information

Waiving Water and Sewer Service Connection Costs for Affordable Housing Projects  
<http://www.toronto.ca/legdocs/mmis/2007/ah/bgrd/backgroundfile-4975.pdf>

### Decision Advice and Other Information

The Affordable Housing Committee referred the report (June 13, 2007) from the General Manager of Toronto Water, together with the following motions by Councillor Moscoe and Councillor Vaughan to Deputy City Manager Sue Corke for a report thereon to the Affordable Housing Committee:

Motion by Councillor Moscoe:

“That the General Manager of Toronto Water, in consultation with Deputy City Manager Sue Corke, determine the annual budget that should be built into the Toronto Water budget in order to provide grants to qualified affordable housing projects and report back to the September 2007 meeting of the Affordable Housing Committee.”

Motion by Councillor Vaughan:

“That Deputy City Manager Sue Corke be requested to submit a report to the Affordable Housing Committee on whether the cost of sewer and water service connections are, or could be, part of development charges and therefore waived for public and social housing.”

AH4.11		Adopted
