Notice of Motion

Moved by: Councillor Sandra Bussin

Ward 32, Beaches-East York

The General Manager of PFR is requested to provide a program and financial review of the SH Armstrong CRC and report to the Budget Advisory Committee with the possibility that SH Armstrong be designated a Priority Centre.

Whereas SH Armstrong is a shared use recreation facility attached to The Duke of Connaught Public School and a neighbour of the Applegrove Community Complex;

Whereas this facility is located in the south west portion of Ward 32 in the South District of Toronto;

Whereas the number of registrants for programs at SH Armstrong is on a steady decline from pre amalgamation (approximately one third of all programs are cancelled yearly);

Whereas there is a large number of Welcome Policy requests;

Whereas the demographics indicate that the community surrounding the SH Armstrong CRC has a greater number on average of single parent families than the City average;

Whereas the demographics also indicate the numbers of youth aged 14-19 has increased at twice the rate of the City average and 10-14 yr olds at a rate 2 % higher than the city average;

Now therefore be it resolved that the General Manager of Parks, Forestry and Recreation be requested to undertake a review to consider SH Armstrong CRC as a priority centre
