Summary

The purpose of this report is to provide the City of Toronto Capital Variance Report for the nine-month period ended September 30, 2006, and projected actual expenditures for the year ending December 31, 2006. Further, the report requests Council's approval of budget adjustments to reallocate capital funding in order to effectively deliver the capital program. Capital spending during the first nine months of 2006 totalled \$734.127 million or 37.6 percent of the 2006 approved cash flow of \$1.954 billion. Projected expenditures to December 31, 2006, are estimated at 80.5 percent of the approved cash flow. The under expenditure is primarily attributed to the inability to find or secure suitable sites; delays in securing funds from cost-sharing partners; significantly higher than expected rainfall which delayed performance of roofing and asphalt projects, exterior site work, park construction projects and playground replacement work. In addition, several projects will be completed under-budget. Unspent funds will be carried forward to 2007 on an as required basis, in accordance with the City's Carry Forward Policy.

Appendix 2 details a number of budget adjustments which reallocate capital budget funding between projects in order to streamline the TTC budget reporting

Operating Variance Report for the Nine-month Period Ended September 30, 2006

(January 12, 2007) report from Deputy City Manager and Chief Financial Officer

Recommendations

The Deputy City Manager and Chief Financial Officer recommends that:

1. Council approve the technical adjustments made to amend the 2006 Council Approved Operating Budget between Programs to ensure accurate accountability and reporting (no increase to the overall 2006 Council Approved Operating Budget) as detailed in Appendix D;
2. this Operating Variance Report be forwarded to the Executive Committee for consideration; and
3. the appropriate City officials be authorized and directed to take the necessary action to give effect thereto.

Net expenditures for the nine-month period ended September 30, 2006 were \$38.9 million or 1.7 than planned expenditures. Projections to year-end indicate a net operating budget surplus of \$15.9 million or 0.5 percent of the 2006 Council Approved Operating Budget. The 2006 projected surplus is attributed to a combination of lower than planned expenditures and higher than budgeted revenues in areas which are detailed in the ‘Comments’ section below. Staff will continue to exercise cost constraints during the last quarter and will, in accordance with the City’s Surplus Policy, recommend options for disposition of any surplus as part of the 2006 Preliminary Year-end Operating Variance Report.

Committee Recommendations

On motion by Councillor Mihevc, the Budget Committee recommended to the Executive Committee that:

1. Council approve the technical adjustments made to amend the 2006 Council Approved Operating Budget between Programs to ensure accurate accountability and reporting (no increase to the overall 2006 Council Approved Operating Budget) as detailed in Appendix D; and
2. the appropriate City officials be authorized and directed to take the necessary action to give effect thereto.

surplus is attributed to a combination of lower than planned expenditures and higher than budgeted revenues in areas which are detailed in the ‘Comments’ section below. Staff will continue to exercise cost constraints during the last quarter and will, in accordance with the City’s Surplus Policy, recommend options for disposition of any surplus as part of the 2006 Preliminary Year-end Operating Variance Report.

Summary

The purpose of this report is to provide the City of Toronto Operating Variance report for the nine-month period ended September 30, 2006, operating variance projections for the year ending December 31, 2006 and to obtain approval of the technical adjustments made to amend the Council Approved Operating Budget between Program budgets to ensure accurate accountability and reporting with no increase to the overall 2006 Council Approved Operating Budget as detailed in Appendix D.

For the nine-month period ended September 30, 2006, net expenditures were \$38.9 million or 1.7 percent lower than planned expenditures. However, projections to year end indicate that the City will have a net surplus of approximately \$15.9 million or 0.5 percent of the 2006 Council Approved Operating Budget. Primarily this favourable position is attributed to a combination of factors including: lower assessment appeals and service charges from the Municipal Property Assessment Corporation; higher than budgeted investment income and Toronto Parking Authority revenues; higher than planned passenger revenues at the Toronto Transit Commission (TTC); and, lower than expected salary and benefit costs (increased separations) at the Toronto Police Service (TPS).

Toronto Just for Laughs Comedy Festival - Approval of Tourism Event Development Loan

(January 9, 2007) report from General Manager, Economic Development, Culture and Tourism

Recommendations

The General Manager of Economic Development, Culture and Tourism recommends the following:

1. Budget Committee authorize the approval of a Tourism Event Development Loan to the Toronto Just for Laughs Comedy Festival for \$500,000 to establish an annual Summer Comedy Festival in Toronto and that staff develop a formal agreement for the terms and conditions of the loan in a form satisfactory to the Deputy City Manager and Chief Financial Officer and the City Solicitor;
2. the General Manager of Economic Development, Culture and Tourism be directed to provide the organizers of the Just for Laughs Festival with any technical assistance and operational support and services necessary and work with all other City of Toronto Division’s and Agencies who will be providing services to the organizers to establish the event in July 2007; and

3. the appropriate City officials be authorized and directed to take necessary action to give effect thereto.

Financial Impact

The Tourism Event Development Loan Program was established as financial program to assisting in bringing significant events to Toronto. The Council approved program guidelines are included as Attachment 1. The Toronto Just for Laughs Comedy Festival meets all the criteria of the Tourism Event Development Loan Program.

Major Festivals and Events require start up capital in order to plan and execute a successful event. In the case of the Just for Laughs organization, they will be booking performance venues in central Toronto, contracting appearances for international comedy artists, booking advertising space, producing ads all prior to being able to generate revenue from event ticket sales.

The business model calls for government partners to invest in the project by providing grants, providing services and offering repayable loans in order to advance Just for Laughs the necessary working capital needed. The total projected budget for the Toronto Just for Laughs Festival is projected to be \$3 million.

The following organizations have been approached for financial assistance to the project: Ontario Tourism Marketing Partnership Corporation, Investment Development Office of the Ontario Ministry of Tourism and the Ontario Cultural Attraction Fund. Tourism Toronto has committed to providing financial assistance subject to confirmation of other public sector partners. Private sponsors are being actively sought.

Just for Laughs has established an Ontario not-for-profit corporation and opened an office in Toronto. The parent organization Juste Pour Rire Inc., comprised of three distinct companies, is based in Montreal and has a 24 year track record of staging professional festivals and producing comedy entertainment programming for television and international broadcast distribution.

While the Toronto Just for Laughs Comedy Festival is forecast to incur a deficit in the first years of operation, the parent organization is committed to establishing a market presence in Toronto and is prepared to cover all shortfalls. The Juste Pour Rire Group of Companies has the capacity to repay the Tourism Event Development Loan and has a sound financial record in Quebec.

The Deputy City Manager and Chief Financial Officer has reviewed this report as well as the audited financial statements of the parent organization, JustePour Rire Inc., and the preliminary Just for Laughs Toronto event budget and agrees with the financial impact information.

Committee Recommendations

On motion by Councillor Mihevc, the Budget Committee recommended to the Executive Committee that:

1. Summary

Just for Laughs is a Montreal based integrated entertainment organization that operates the hugely successful Just for Laughs Comedy Festival in Montreal and is involved in a variety of television production and distribution ventures. As part of the organization's 25th Anniversary celebration, they are planning to expand and establish an annual Comedy Festival in Toronto in July 2007. The City of Toronto has led a consortium of public sector partners in attempting to establish the event in Toronto. All partners have reviewed the opportunity and deemed it to be of significant potential for tourism in Toronto and all organizations have been formally approached to consider a variety of supports to the organizers in the form of financial assistance and technical support to establish the event. The recommended support from the City of Toronto is the provision of a repayable loan under the Tourism Event Development Loan Program and provision of assistance with necessary City services for the Street Festival components of the event.

Toronto Transit Commission - Warden Station - Declaration of Surplus Property

(September 21, 2006) letter from General Secretary, Toronto Transit Commission

Summary

The Commission has previously approved the Warden Redevelopment Strategy. City Council approved components of Phase I of the Warden Woods redevelopment strategy. Declaring the Lands surplus at this time subject to the above conditions is in keeping with the approved strategy and allows construction of a replacement commuter parking lot in the hydro corridor lands east of Warden Station and redevelopment of Warden North to proceed in the absence of funding from the TTC capital budget while protecting TTC ridership and revenues.

Line of Credit Guarantee for Caribana 2007

(January 26, 2007) memo from Councillor Joe Mihevc

Summary

The credit guarantee for \$100,000 provided by the City to the organizers of the 2007 Caribana Festival expires on February 28, 2007. The credit guarantee, approved by City Council in September 2006, was intended to allow the Caribana Festival the ability to pursue increased corporate and government sponsorship and permit early co-ordination of the logistics associated with the Festival. In order to continue planning, the Directors of the 2007 Caribana

Festival have requested that the credit guarantee be extended to October 1, 2007, so that they are afforded sufficient time to successfully organize this year's Festival.
