Dear Neighbour

The Lakeshore Community Centre Workgroup is a group of concerned residents working towards establishing a new, fully-dedicated community centre in the Lakeshore neighbourhood. Daniels Corporation gave \$1.8 million for a new community centre here, which still has not been built.

We believe the Lakeshore Lions Arena can be renovated as a community centre, as outlined in our brochure.

We are asking you to support us by sending a letter to the Lakeshore Community Centre Workgroup, indicating you support asking the city of Toronto to:

1. Study the option of renovating Lakeshore Lion's Arena as a community centre
2. Study the option of spending the \$1.8 million on a new community centre at Lakeshore Lions Arena before going ahead to build a new community school at Father John Redmond school.

Please send the letter to Lakeshorecommunity@gmail.com or to Lakeshore Community Centre Workgroup, C/O LAMP, 185 Fifth Street, Toronto, ON M8V 2Z5

We need everyone's support, so we hope you can send a representative to our next meeting in Thursday Sept 27 at 7 pm at LAMP.

Also, we are building a database of individual supporters. If you would like to be contacted about our future meetings and activities, please send an email with your contact information to Lakeshorecommunity@gmail.com

Please call me if you have any questions at (416) 251-1700, or at work (416) 955-6435.

Sincerely,

Joanne Macrae
On behalf of Lakeshore Community Centre Workgroup
