EX15.1c Toronto Street Food Project Plan

(November 21, 2007) Report from the Deputy City Manager, Sue Corke and the Deputy City Manager and Chief Financial Officer

Recommendations

The Deputy City Manager and the Deputy City Manager and Chief Financial Officer recommend the following actions conditional upon City Council approval to establish the Street Food Project:

1. the 2008 Economic Development Culture and Tourism Capital Budget be increased by

\$0.700 million gross, \$0.700 million recoverable debt, for the Toronto Street Food Project;

2. the \$0.700 million of recoverable debt be available in January, 2008 for the period ending on January 30, 2013 at an interest rate of 5.00% per annum, repayable in annual instalments of \$161,682, with an interest free period extending until September 30, 2008 and the first instalment of \$138,350 due on January 30, 2009;
3. the repayment of the funding and all related agreements be on terms and conditions satisfactory to the City Solicitor, the Deputy City Manager and Chief Financial Officer as well as Deputy City Manager; and
4. the recoverable debt capital funding be deemed to be in the interest of the municipality.

Financial Impact

Issuance of the recoverable debt capital funding is considered to be a financial commitment of the City. The \$700,000 recoverable debt capital funding has an annual payment of \$161,682.35 or \$5,389.41 per cart for 30 carts annually or \$449.12 monthly. Repayment must be generated by each of the 30 carts in order for the repayable funding to be self-sustaining over the 5 year term.

The 2008 Operating Budget Request for the Toronto Street Food Program will be submitted for consideration in the 2008 Operating Budget Process. The attached 5-Year cash flow projection includes \$0.341 million for 2008 revenue and \$0.227 million expenditure, \$0.113 million net surplus. Details of the 2008 Operating Budget will be submitted for consideration in the 2008 Operating Budget process.

Summary

Earlier this year, the Toronto Board of Health requested the Minister of Health and Long Term Care to amend Regulation 562 to allow for a greater variety of food to be sold on the street. On July 7, 2007, the Minister announced an amendment to Regulation 562, which would allow for a greater variety of street food choices, to take effect August 1, 2007.

On July 12, 2007, Council approved a motion implementing city staff recommendations to maintain the existing restrictions on street vending until such time as a comprehensive plan to implement the change could be brought forward. Staff has since been working on developing the Toronto street food project plan to introduce new foods on Toronto streets for Spring 2008.

Councillor Filion is bringing forward a memorandum to the Executive Committee seeking authorization for staff to report through the Executive Committee to Council on issues which need to be addressed to move forward with the Toronto street food project.

To allow for the acquisition of the carts required for this project an amendment to the 2008 EDCT Recommended Capital Budget is required. The proposed funding is to be recovered from the lease payments for use of the carts.
