

May 25, 2007

To: Executive Committee

From: Budget Committee

Subject: Toronto Water Capital Budget: 2006 Carry-Forward Funding and 2007 Cashflow Reallocations

**Recommendations:**

**The Budget Committee recommended to the Executive Committee that City Council:**

- 1. approve the \$63.625 million in unspent cash-flow from Toronto Water's approved 2006 Capital Budget and related financing, as detailed in Appendix 1, being carried forward and included in Toronto Water's approved 2007 Capital Budget. As the total carry-forward amount remains unchanged, the adjustments have no net impact on Toronto Water's approved 2007 Capital Budget cashflow of \$410.001 million;**
- 2. approve the technical adjustments and budget reallocations detailed in Appendix 2 of this report, which have no impact on the Toronto Water's total approved 2007 Capital Budget cashflow;**
- 3. authorize and direct the appropriate City officials to take the necessary action to give effect thereto.**

**Financial Impact**

There are no direct financial impacts in 2007 to the Capital Budget of \$410.001 million, comprised of \$63.625 million of unspent 2006 carry-forwards and \$346.376 million of approved new 2007 cashflow.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

Background:

The Budget Committee on May 25, 2007, considered a report (April 20, 2007) from the General Manager, Toronto Water, regarding the Toronto Water Capital Budget: 2006 Carry-Forward Funding and 2007 Cashflow Reallocations.

for City Clerk

Merle MacDonald/fp  
Item BU12-1

## **STAFF REPORT ACTION REQUIRED**

### **Toronto Water Capital Budget: 2006 Carry-Forward Funding and 2007 Cashflow Reallocations**

<b>Date:</b>	April 20, 2007
<b>To:</b>	Budget Committee
<b>From:</b>	Lou Di Gironimo
<b>Wards:</b>	All
<b>Reference Number:</b>	P:\2007\Cluster B\TW\bc07018

#### **SUMMARY**

---

The purpose of this report is to recommend carry-forward funding to continue 2006 approved projects and to advise Council of budget reallocations recommended to realign the Council Approved Budget with Toronto Water's 2007 work program.

#### **RECOMMENDATIONS**

---

**The General Manager, Toronto Water recommends that**

1. The \$63.625 million in unspent cash-flow from Toronto Water's approved 2006 Capital Budget and related financing, as detailed in Appendix 1, be carried forward and included in Toronto Water's approved 2007 Capital Budget. As the total carry-forward amount remains unchanged, the adjustments have no net impact on Toronto Water's approved 2007 Capital Budget cashflow of \$410.001 million;
2. The technical adjustments and budget reallocations detailed in Appendix 2 of this report, which have no impact on the Toronto Water's total approved 2007 Capital Budget cashflow, be approved;
3. This report be forwarded to Executive Committee for consideration; and,
4. The appropriate City Officials be authorized and directed to take the necessary action to give effect thereto.

## **Financial Impact**

There are no direct financial impacts in 2007 to the Capital Budget of \$410.001 million, comprised of \$63.625 million of unspent 2006 carry-forwards and \$ 346.376 million of approved new 2007 cashflow.

The Deputy City Manager and Chief Financial Officer has reviewed this report and agrees with the financial impact information.

## **DECISION HISTORY**

The 2007 Capital Budget for Toronto Water with a 2007 cash flow of \$410.001 million was approved by City Council at its meeting of February 5, 6, 7 and 8, 2007. The budget included \$63.625 million of unspent cashflow from Toronto Water's approved 2006 Capital Budget

A copy of the Council Decision Document can be found at:

<http://www.toronto.ca/legdocs/mmis/2007/cc/decisions/2007-02-05-cc02-dd.pdf>

## **ISSUE BACKGROUND**

Adjustments of carryforwards, cashflow and project costs will ensure that Toronto Water is able to meet its contracted commitments and achieve a higher level of capital program completion. There is no net impact of any of these adjustments on Toronto Water's approved 2007 Capital Budget cashflow.

## **COMMENTS**

In accordance with the City's carry-forward policy, Appendix 1 presents adjustments to Toronto Water's 2006 Capital Budget carry-forward requirements based on year-end capital expenditure results. As the total carry-forward amount remains unchanged, the adjustments have no net impact on Toronto Water's approved 2007 Capital Budget cashflow of \$410.001 million.

Toronto Water seeks approval, for the technical adjustments and reallocations included in Appendix 2, to accommodate higher capital expenditures that resulted from acceleration of some multiyear funded projects and to better align cash flow with program requirements, in accordance with Section 71-9 B & E of the Financial Control By-Law.
