MEMORANDUM

To: Members of Executive Committee

From: Mayor David Miller

I attach a motion and a letter from Councillor Saundercook. As you can see, the letter relates to two initiatives the Councillor sought to bring before Council requesting staff to consider the issues.

As members know, Council has determined to review road pricing in a regional context as set out in the Climate Change and Clean Air Action Plan. Accordingly, request two would be out of order.

I am prepared to support request one in terms of staff reviewing the issue and determining if measures are appropriate and legal pursuant to the City of Toronto Act and would recommend that the Committee endorse the Councillor's request.

Mayor David Miller

October 23, 2007

Dear Mayor Miller,

Further to our discussion in the council chamber yesterday, please find attached two motions related to potential tax revenue. Yesterday you seemed to express interest in both these ideas, and were supportive of receiving the reports and were even prepared to support that request at Council, but unfortunately, they were ruled out of order.

I look forward to the debate at Executive Committee to discuss these two ideas and any other potential sources of revenue to help deal with future financial shortfall the City will be facing.

Sincerely,

A handwritten signature in black ink that reads "Bill Saunders". The signature is written in a cursive style with a large, prominent 'B' and 'S'.

Councillor, Ward 13
City of Toronto
