2. The Deputy City Manager and Chief Financial Officer and City Solicitor be authorized to negotiate a land tax administration agreement with Teranet and the Province as necessary, and execute user licence agreements with Teranet and the Province as necessary in order to facilitate an administration agreement.
3. Council adopt a new Personal Vehicle Ownership Tax within the City of Toronto, as detailed further in this Item, and the Deputy City Manager and Chief Financial Officer be requested to report to Council, through the Executive Committee, no less than three months prior to the implementation of the Personal Vehicle Ownership Tax, on how to implement this tax so that the administration, collection and enforcement is in conjunction with the Provincial Government Vehicle Ownership Tax.

4. The Deputy City Manager and Chief Financial Officer, in consultation with the City Solicitor, be directed and authorized to negotiate with the Province and other relevant parties regarding City Personal Vehicle Ownership Tax agreements for administration, collection, and enforcement.
5. The Province of Ontario, in keeping with its commitments under the City of Toronto Act, to work co-operatively with the City and, in order to provide the most efficient and effective implementation and administration process, be requested to enter into a fair and equitable agreement with the City to collect and administer a City of Toronto Vehicle Ownership Tax, through its motor vehicle registration operations, and any necessary agreements to implement the City's Land Transfer Tax.
6. The Deputy City Manager and Chief Financial Officer report back to the Executive Committee in the Fall 2007 in regard to Parts 1 – 5, above, on the appropriate exemptions, rebates, collection and administrative procedures, enforcement provisions, administration agreement and any other implementation issues including establishment of appropriate reserves for adoption into a tax by-law.
7. The Deputy City Manager and Chief Financial Officer undertake further consultations in respect of alcohol tax on store sales to non-licensed consumers with Toronto based liquor, wine and beer retailers, and government taxing authorities, and report back to the Executive Committee in the fall 2007 on economic impacts and administrative options.
8. In conjunction with the development of a new City sign by-law, Deputy City Manager Richard Butts be directed to consider and report back to the Executive Committee on the potential application of a billboard or public signage tax, specifically for the purposes of raising revenue to administer the by-law and raise revenues for City beautification, arts or cultural initiatives.
9. The Province of Ontario be requested to vacate the Land Transfer Tax field.
10. In any future reports, the discussion of "parking tax" be referred to as a "parking lot tax".
11. Council approve a Municipal Land Transfer Tax rebate for all residential home buyers and all commercial property buyers who demonstrate, to the satisfaction of the City Solicitor, that the purchaser and vendor entered into an Agreement of Purchase and Sale for the property on or before December 31, 2007.
12. Council approve a Municipal Land Transfer Tax rebate for all first time buyers of new and resale homes up to \$3,725.00 (i.e., a 100 percent rebate on homes valued up to \$400,000.00), similar to the current provincial rebate, with the exception that the rebate apply to both newly-constructed and existing homes.

13. Council approve an exemption from the Municipal Land Transfer Tax for City divisions, local boards as defined in the City of Toronto Act, 2006, and the following corporations:
    - Toronto Community Housing Corporation (TCHC)
    - Toronto Economic Development Corporation (TEDCO).
  14. Council approve an exemption from the Municipal Land Transfer Tax on property transfer transactions where the net tax revenue after transaction fees would result in revenue of less than \$2.00.
  15. The Deputy City Manager and Chief Financial Officer report back to City Council, through the Executive Committee, by September 2008, after consultation with industry stakeholders, on a rebate program or lower rate structure for large non-residential property (commercial) class developments that will further the City's economic development priorities, such as the retention of employment lands and brown field conversions.
  16. The Deputy City Manager and Chief Financial Officer be requested to report annually through the budget process on how the revenue from the new taxes is being utilized, the report to also provide, on a ward-by-ward basis, the impact of the Land Transfer Tax on the housing market.
  17. City Council direct that, during this term of Council, a comprehensive review occur on the City's fiscal architecture, in the context of provincial uploading, with the objective of dedicating revenue from the new taxes exclusively to Capital and Operating costs of new municipal infrastructure.
  18. At such time as the Province has uploaded at least 50 percent of the current \$729 million in downloaded costs, \$50 million of the resulting savings be used to decrease the Land Transfer Tax.
  19. If other orders of government grant a municipal sales tax of 1 cent or more, the Deputy City Manager and Chief Financial Officer be requested to report to City Council, through the Executive Committee, on the feasibility of reducing the Land Transfer Tax by an additional \$50 million.
  20. The Deputy City Manager and Chief Financial Officer be directed to provide appropriate notice to the public and related stakeholders on the implementation of Municipal Land Transfer Tax, which will come into effect on February 1, 2008.
  21. The appropriate officials be authorized and directed to take necessary actions to give effect thereto, including the introduction of any necessary bills in Council to give effect to Council's decision.
