### Redcliff Boulevard and Clearbrooke Circle - All-way Stop

(October 11, 2007) Report from Director, Transportation Services, Etobicoke York District

### Recommendations

Transportation Services recommends that Etobicoke York Community Council approve:

1. the installation of an all-way stop control at the intersection of Redcliff Boulevard and Clearbrooke Circle; and
2. a 40 km/h speed limit on Redcliff Boulevard between Kipling Avenue and Barrhead Crescent, as the requirements of the 40 km/h Speed Limit Warrant are achieved.

### Financial Impact

Type of Funding	Source of Funding	Amount
Available within current budget	Transportation Services Operating Budget	\$1,000.00

### Summary

This staff report is about a matter for which the community council has delegated authority

from City Council to make a final decision.

The purpose of this report is to obtain approval for the installation of an all-way stop control at the intersection of Redcliff Boulevard and Clearbrooke Circle and to obtain approval to reduce the speed limit on Redcliff Drive between Kipling Avenue and Barrhead Crescent to 40 km/h.

Although the traffic volumes at the intersection do not satisfy the minimum warrant requirements at this intersection due to insufficient traffic volumes from Clearbrooke Circle, the traffic volumes are very close to meeting the requirements and daily fluctuations could result in satisfying the warrant. In addition, there have been several collisions at this intersection over the past five years which would be considered preventable with the installation of an all-way stop.

As speeding on Redcliff Boulevard was also expressed as a concern, speed studies were conducted and the results indicate that installing a 40 km/h speed limit on Redcliff Boulevard is consistent with the 40 km/h Speed Limit Warrant. Approval of this report will result in an all-way stop being installed at the intersection of Redcliff Boulevard and Clearbrooke Circle. In addition, a 40 km/h speed limit being posted on Redcliff Boulevard.

Terms of Board members are coincident with Council terms. In 2006, a recruitment process was initiated to appoint the nine citizen members of the board. Applications were made available through existing boards and committees, community centres and libraries, were advertised in the U of T Bulletin, on the City's website and on the websites of the Volunteer Centre of Toronto and Charity Village. The Multicultural History Society of Ontario was hired to recruit and submit the names of qualified candidates from the diverse communities across the City, and a public information session was held. Review panels were established for each board to consider applications, conduct interviews and make recommendations regarding the candidates best qualified to fill the vacancies.

Schedule A to Chapter 103, Heritage, Toronto Municipal Code, states that the York Community Museum Management Board be comprised of nine citizen members, one representative from the Toronto District School Board, one representative from the Toronto Catholic School Board and one to two members of City Council.
