65 Avonhurst Road – Private Tree Removal

City Council Decision

City Council on May 23, 24 and 25, 2007, received this Item for information, as the application for tree removal has been withdrawn by the property owner.

(April 11, 2007) report from General Manager, Parks, Forestry and Recreation

Committee Recommendations

The Etobicoke York Community Council submits this matter to Council without recommendation.

Financial Impact

There are no financial implications resulting from the adoption of this report.

Summary

To report on an application for a permit to remove one (1) privately owned 98 centimetre diameter black walnut tree (*Juglans nigra*) located at 65 Avonhurst Road. This is the second application that has been filed by the owner for the removal of this tree. The application has been made to allow for the construction of a two-storey addition with an attached two-car garage.

A landscape plan has been submitted with the application that shows the planting of nine (9) significantly sized trees to replace the tree in question.

Inspection of the tree by staff revealed that the tree is healthy and in good condition. This tree has a well developed crown with very little deadwood throughout. This tree is part of a large majestic community of trees that contribute to the character of this neighbourhood which is locally known as Islington Village.

Staff are of the opinion that the proposed plans can be adjusted to accommodate the tree in question.

Financial Impact

Type of Funding	Source of Funds	Amount
Available within current budget	Transportation Services Operating Budget	\$700.00

Summary

The purpose of this report is to obtain approval to reduce the speed limit on Lake Shore Boulevard West, between Mimico Creek and Palace Pier Court, from 60 km/h to 50 km/h.

Given the existence of Toronto Transit Commission's (TTC) streetcar tracks on the majority of this section of Lake Shore Boulevard West and the curved road alignment east of the F.G. Gardiner Expressway on-ramp/Brookers Lane, a lower (50 km/h) speed limit is justified and recommended. In addition, the proposed 50 km/h speed limit on Lake Shore Boulevard West between Mimico Creek and Palace Pier Court will provide for a consistent speed limit on this road in the Etobicoke York Community.

1. City Council approve installing traffic control signals at Belfield Road and Iron

Street.

(March 23, 2007) report from Director, Transportation Services, Etobicoke York District

Committee Recommendations

Available within the capital works budget	Project No. CTP707-01	\$140,000.00

Summary

The purpose of this report is to obtain approval for the installation of traffic control signals at the intersection of Belfield Road and Iron Street.

The installation of traffic control signals is justified as the Traffic Control Signal warrant requirements are achieved. The installation of traffic control signals will provide safe and convenient access for vehicles and pedestrians, and will not compromise the integrity of the arterial road network. Staff of the Toronto Transit Commission (TTC) have been consulted on this initiative as Belfield Road is a TTC route and have no objection to the new signal installation.

These signals will contain features to assist pedestrians crossing the road. These include, pedestrian signal heads and push buttons, crosswalk lines and pedestrian information signs explaining the operation of these signals.
