## **1b Legal Analysis of Proposed By-Laws Respecting Airport Taxicabs and Limousines**

### **Confidential - Confidential advice in Attachment 1**

(March 27, 2007) report from City Solicitor

#### **Summary**

This report is supplemental to the report from the Executive Director, Municipal Licensing and Standards, entitled Impact of Airport Limousines on the Taxicab Industry.

Currently, most taxicabs and limousines that pick up passengers in the City of Toronto are required to have a Toronto licence. However, there is an exception to that requirement for taxicabs and limousines that carry a permit issued under the federal Government Airport Concession Operators Regulations (GACOR permit) picking up passengers in Toronto to transport them to Toronto Pearson International Airport (Pearson). This is known as the “airport exemption”.

The airport exemption was added to the Municipal Act in December of 1978. At that time, it was also added to the former Municipality of Metropolitan Toronto’s licensing by-law, and subsequently carried forward to the City of Toronto’s Municipal Code Chapter 545, Licensing. The Province did not include the airport exemption in the City of Toronto Act, 2006 (COTA), although it has been retained for other municipalities in the new Municipal Act, 2001. By not including the airport exemption in COTA, the Province has enabled Toronto to decide whether it should also be removed from Chapter 545.

The Executive Director’s report discusses a proposal to amend Chapter 545 to require taxicabs and limousines picking up fares to the airport to be licensed by Toronto. This report provides legal advice to City Council respecting that proposal. It also provides legal advice on a proposal to amend Chapter 545 to prohibit dual licensing (that is, prohibit taxicabs and limousines licensed by Toronto from carrying any additional licence or permit issued by another jurisdiction) while grandparenting Toronto-licensed taxicabs that possessed a valid GACOR

permit prior to January 1, 2007.

## Summary

This report seeks Council's authorization to create a new, harmonized fireworks by-law for the City of Toronto. The by-law would regulate the sale of fireworks by both permanent and temporary fireworks vendors, requiring them to obtain vendor permits.

The new by-law would also allow the city to issue Special Occasions Discharge Permits for family fireworks at religious, cultural, and special events. The Special Occasions Discharge Permits will enable Toronto Fire Services to account for and document fireworks that the City has authorized to be safely discharged.
