SUMMARY

This staff report is about a matter that the community council has delegated authority to make a final decision provided that it is not amended so that it varies with City policy or by-laws.

The purpose of this report is to review and make recommendations on a request by Sid Catalano of Pattison Outdoor, on behalf of Wendelyn Financial Services, for an approval of a variance from former City of Toronto Sign By-law No. 297, as amended to permit erection of one illuminated double-faced off premise roof sign at 3334 Yonge Street.

The former City of Toronto Sign By-law No. 297, as amended, does not allow any roof signs in the MCR zone where this property is located. There are existing roof signs within the close proximity that obtained council approvals prior to the erection of these signs.

RECOMMENDATIONS

Toronto Building North York Division recommends that:

1. Request for variance be refused.

Financial Impact

There are no financial implications resulting from the adoption of this report.
